Registration Statement on Form S-4 filed August 14, 2023

Risk Factors, page 22

1. We note that following the transaction, the shareholders of XTI will own more than 60% of the combined company. We further note that this would constitute the initial public offering of XTI's equity securities. As such, please add a risk factor highlighting the risks of going public through a reverse merger rather than an underwritten offering. These risks may include the absence of due diligence conducted by an underwriter that would be subject to liability for any material misstatements or omissions in a registration statement.

Inpixon's Reasons for the Merger, page 74

2. We note your statement that the board considered the listed factors “among other things.” Please revise to provide, without qualification, the full list of material factors considered by the board when recommending that Inpixon shareholders approve the merger. Refer to Item 1014(b) of Regulation M-A.
3. We note your statement that XTI has secured more than 700 conditional pre-orders including aircraft purchase agreements. Please disclose the percentage of these pre-orders that are binding commitments, tell us the terms of these agreements and whether any of these agreements are expected to be material. If so, consider filing them as exhibits. Refer to Item 601(b)(10) of Regulation S-K.
4. Please balance your discussion of the 700 conditional pre-orders you have received by including a discussion in the negative factors considered by the board of the reasons you may not be able to realize the potential benefits of these orders. For example, we note your statement on page 55 that you do not expect to obtain approval from the Federal Aviation Administration and regulatory bodies in other countries and commence deliveries until 2027 at the earliest.
5. We note your risk factor on page 36 that the loss of your chief executive officer may adversely impact your business. However, it appears that following the merger, the officers of XTI will become the officers of the combined entity. Please tell us how this impacted the board’s recommendation of the transaction.

Opinion of Gemini Valuation Services, page 77

6. Please revise to provide the disclosure required by Item 1015(b)(2)-(4) of Regulation M-A.

7. We note your statement that you have received conditional pre-orders for over 700 aircrafts. Please revise to discuss the geographic location of the potential customers that have placed pre-orders.

We remind you that the company and its management are responsible for the accuracy and adequacy of their disclosures, notwithstanding any review, comments, action or absence of action by the staff.

Refer to Rules 460 and 461 regarding requests for acceleration. Please allow adequate time for us to review any amendment prior to the requested effective date of the registration statement.
