

Inpixon Announces Record Date and Details for Distribution for Enterprise Apps Business Spin-Off

PALO ALTO, Calif., February 13, 2023--(PRNewswire)-- Inpixon® (Nasdaq: INPX) today announced that its board of directors has set March 6, 2023 as the record date ("Record Date") for the dividend of shares of common stock of CXApp Holding Corp. ("CXApp Holding") to be distributed to Inpixon securityholders in order to effect the spin-off of Inpixon's enterprise apps business (including its workplace experience technologies, indoor mapping, events platform, augmented reality and related business solutions). The dividend in CXApp Holding shares is expected to be distributed to holders of Inpixon's outstanding capital stock and certain other securities as of the Record Date ("Inpixon Securityholders") on or about March 14, 2023, the expected closing date of the previously announced business combination (the "Business Combination") between CXApp Holding and KINS Technology Group Inc. ("KINS") (Nasdaq: "KINZ", "KINZU" for units, "KINZW" for warrants). Following the closing of the Business Combination, KINS will change its name to "CXApp Inc." ("New CXApp") and begin trading on the Nasdaq Capital Market under the stock ticker symbol "CXAI," and Inpixon will continue to trade on the Nasdaq Capital Market under the stock ticker symbol "INPX."

Nadir Ali, CEO of Inpixon said, "I'm excited to announce this next step in the progression of this transaction that will allow capital and operational resources to be focused on the growth of the workplace experience business. In addition to allowing each of the Inpixon and CXApp Holding businesses the opportunity to pursue their own operational and strategic priorities, our shareholders will also have the benefit of receiving securities in a separate, publicly traded company in addition to retaining their Inpixon shares."

Inpixon Securityholders will receive shares of CXApp Holding common stock on a pro rata basis representing 100% of Inpixon's interest in CXApp Holding. Immediately following the distribution of CXApp Holding shares, the Business Combination is expected to close. Upon the closing of the Business Combination, all shares of CXApp Holding common stock will be automatically exchanged for shares of New CXApp on a pro rata basis according to an exchange ratio (the "Exchange Ratio") calculated immediately prior to closing using a formula set forth in the merger agreement (the "Merger Agreement") by and among Inpixon, CXApp Holding, KINS and a subsidiary of KINS. The Exchange Ratio is based on the number of shares of CXApp Holding common stock outstanding following the distribution of CXApp Holding shares and immediately prior to the closing of the Business Combination.

Inpixon Securityholders will receive an aggregate of approximately 6,900,000 shares of New CXApp common stock in exchange for their shares of CXApp Holding common stock. Each Inpixon Securityholder's aggregate merger consideration will consist of 10% New CXApp Class A common stock and 90% New CXApp Class C common stock (such percentages, in each case, subject to adjustment to comply with the listing requirements set forth under Nasdaq Listing Rule 5505(b)(2)).

Inpixon Securityholders do not need to take any action. Their CXApp Holding shares received upon distribution of the dividend will automatically be exchanged for New CXApp common stock in the Business Combination on the closing date. Following the closing of the Business Combination, Inpixon stockholders will continue to hold, along with their new shares of New CXApp common stock, the same number of shares of Inpixon common stock that they held immediately prior to the closing.

In connection with the Business Combination, CXApp Holding and KINS filed registration statements with the Securities and Exchange Commission (the "SEC"), described below under "Important Information and Where to Find It." On February 13, 2023, the SEC declared both registration statements effective. The registration statements contain further information regarding the spin-off and Business Combination, including the conditions to completion of the Business Combination and additional details regarding the calculation of the exchange ratio described above.

Factors that May Affect the Dividend and Spin-Off

The dividend is conditioned upon, and the spin-off and Business Combination are subject to, the satisfaction or waiver of closing conditions for the Business Combination. If certain closing conditions are not satisfied or waived in advance of the expected closing date, Inpixon may elect to change the record date for the dividend to a later date or to not proceed with the dividend or the spin-off.

Two-Way Trading to Begin for Inpixon on the Nasdaq Capital Market ("Nasdaq")

Beginning on or around the business day prior to the Record Date and continuing through the close of trading on the closing date of the Business Combination, there will be two markets in Inpixon common stock on Nasdaq: a "regular way" market and an "ex-distribution" market. During this period of two-way trading in Inpixon common stock, there will also be a market on Nasdaq for New CXApp common stock on a "when issued" basis.

The trading options that will be available during the two-way trading period are:

Inpixon Regular Way Trading

If, during the period of two-way trading, an Inpixon stockholder sells a share of Inpixon common stock in the regular way market under Inpixon's Nasdaq symbol, "INPX," the stockholder will be selling both the share of Inpixon common stock and the right to receive shares of New CXApp common stock in the transaction.

Inpixon Ex-distribution Trading

If, during the period of two-way trading, an Inpixon stockholder sells a share of Inpixon common stock in the ex-distribution market under the temporary Nasdaq symbol "INPXV," the Inpixon stockholder will be selling only a share of Inpixon common stock and will retain the right to receive shares of New CXApp common stock in the transaction.

During the two-way trading period, an Inpixon stockholder also has the option of selling the right to receive shares of New CXApp common stock while retaining shares of Inpixon common stock. This option will be available under the temporary Nasdaq symbol “CXAIIV.”

Trades under the symbols “CXAIIV” and “INPXV” will settle after the closing date of the Business Combination. If the transaction is not completed, all trades made under these temporary symbols will be cancelled.

In all cases, investors should consult with their financial and tax advisors regarding the specific implications of selling shares of their Inpixon common stock or the right to receive shares of New CXApp common stock on or before the closing date of the Business Combination.
