#### Item 7.01 Regulation FD Disclosure.

The slide presentation attached hereto as Exhibit 99.1 (the "Investor Presentation") will be presented by Inpixon (the "Company") at the <sup>th</sup> Annual LD Micro Invitational on June 4, 2019. The Company may also present and/or distribute the Investor Presentation to the investment community or utilize it at various industry and other conferences.

By filing this Current Report on Form 8-K and furnishing the information contained herein, the Company makes no admission as to the materiality of any information in this report that is required to be disclosed solely by reason of Regulation FD.

The information contained in the Investor Presentation is summary information that is intended to be considered in the context of the Company's Securities and Exchange Commission ("SEC") filings and other public announcements that the Company may make, by press release or otherwise, from time to time. The Company undertakes no duty or obligation to publicly update or revise the information contained in this Current Report on Form 8-K, although it may do so from time to time as its management believes is warranted. Any such updating may be made through the filing of other reports or documents with the SEC, through press releases or through other public disclosure.

The information presented in Item 7.01 of this Current Report on Form 8-K and Exhibit 99.1 shall not be deemed to be "filed" for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or otherwise subject to the liabilities of that section, unless the Company specifically states that the information is to be considered "filed" under the Exchange Act or specifically incorporates it by reference into a filing under the Securities Act of 1933, as amended, or the Exchange Act.

## SAFE HARBOR STATEMENT

00000

- Safe Harbor Statement under the Private Securities Litigation Act
- This presentation includes forward-looking statements within the meaning of the safe harbor provisions of the United States Private Securities Litigation Reform Act of 1995. These forward-looking statements are based on current expectations only, and are subject to a number of assumptions, risks and uncertainties, many of which are beyond our control. Actual events and results may differ materially from those anticipated, estimated, projected or implied by us if one or more of these risks or uncertainties materialize, or if our underlying assumptions prove incorrect. Factors that could affect actual results include but are not limited to product demand and market acceptance, the effect of economic conditions, the impact of competitive products and pricing, governmental regulations, results of litigation, problems with technology, and/or other factors outside the control of Inpixon, Inc. and its subsidiaries (the "Company").
- The forward-looking statements included in this presentation are based on our current expectations, estimates and projections, and the underlying assumptions thereof, about the Company's operations, industry, financial condition and liquidity, as of the date hereof. Statements containing words such as "expect", "believe", "should", "anticipate", "intend", "plan", "may", "will", or similiar expressions constitute forward-looking expressions. These forward-looking statements include, but are not limited to, statements about our proposed acquisitions, our anticipated cash flow balances, the future of the Internet Services market, our projected user base, our planned services and marketing initiatives, our ability to compete successfully in our industry, projected operating expenses, projected operating efficiencies, revenues, and capital requirements, and our projected cash position.
- Such statements are not guarantees of future performance and are subject to risks, uncertainties and assumptions that are difficult to predict. Therefore our actual results could differ materially and adversely from those expressed in any forward-looking statements. The Company undertakes no obligation to publicly update any forward-looking statement, whether as a result of new information, future events or otherwise. Statements in this presentation, including factors that we believe may impact our results, are not intended to be exclusive. Additional factors that could cause results to differ materially from those described in the forward-looking statements can be found in the Company's Annual Report on Form 10-K and other filings with the Securities and Exchange Commission (SEC) available at the SEC's Internet site (www.sec.gov).

#### INPIXON IPA IN SCHOOL SAFETY

- Detect and monitor all Wi-Fi, Bluetooth, UWB and cellular devices and equipment on a live floorplan in real-time
- Provide location accuracy at sub-room level
- Color-code "UWB tags" and "trusted" vs. "untrusted" devices for easy identification
- Rewind and play back events with IPA DVR function
- Establish "no-phone/no-device" areas and receive alerts when policy is breached (testing areas)
- Prevent security breaches and IP loss from rogue devices and access points
- Augment traditional security policies with location-based intelligence
   Integrate with school video surveillance,
- Integrate with school video surveillance, access control, and communications systems as part of an overall security management solution, providing critical locational context during normal and emergency conditions

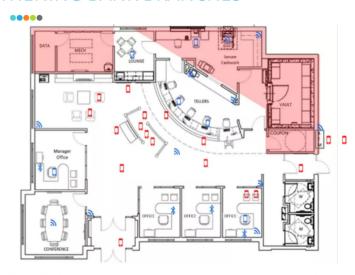

inpix⊚n

#### INPIXON IPA STRENGTHENING BANK BRANCHES

- Understand how customers use the branch; where they go, how long they stay, what services they use.
- Continuously validate the design, layout, staffing mix and technology use within the branch to ensure optimum levels based on customer interactions and journey

  Continuous operation for deeper, more detailed
- customer understanding
  True customer location (not merely proximity or position)
  100% visitors detection by mobile device, not just a Wi-Fi-
- enabled devices
- Distinguish between employees, visitors, and transient foot traffic
- · Understand how building layout changes affect foot
- Improve security and safety with real-time monitoring
