- the risk that our ability to sell our aircraft may be limited by circumstances beyond our control, such as a shortage of pilots and mechanics who meet the training standards, high maintenance frequencies and costs for the sold aircraft, and any accidents or incidents involving VTOL aircraft that may harm customer confidence;
- general economic conditions and events and the impact they may have on us and our potential customers, including, but not limited to increases in inflation rates and rates of interest, supply chain challenges, increased costs for materials and labor, cybersecurity attacks, other lingering impacts resulting from COVID-19, and the Russia/Ukraine and Israel/Hamas conflicts;

Except as required by law, we undertake no obligation to update publicly any forward looking statements for any reason after the date of this prospectus or to conform these statements to actual results or to changes in our expectations.

We qualify all of our forward looking statements by these cautionary statements.

OUR BUSINESS

This is only a summary and may not contain all the information that is important to you. You should carefully read both this prospectus and any accompanying prospectus supplement and any other offering materials, together with the additional information described under the heading "Where You Can Find More Information."

The Company

Following the closing of the XTI Merger, we are primarily an aircraft development company. We also provide real-time location systems ("RTLS") for the industrial sector, which was our focus prior to the closing of the XTI Merger. Headquartered in Englewood, Colorado, XTI Aerospace is developing a vertical takeoff and landing ("VTOL") aircraft that is designed to take off and land like a helicopter and cruise like a fixed-wing business aircraft. We believe our initial configuration, the TriFan 600, will be one of the first civilian fixed-wing VTOL aircraft that offers the speed and comfort of a business aircraft and the range and versatility of VTOL for a wide range of customer applications, including private aviation for business and high net worth individuals, emergency medical services, and commuter and regional air travel. Since 2013, we have been engaged primarily in developing the design and engineering concepts for the TriFan 600, building and testing a two-thirds scale unmanned version of the TriFan 600, generating pre-orders for the TriFan 600, and seeking funds from investors to enable the Company to build full-scale piloted prototypes of the TriFan 600, and to eventually engage in commercial production and sale of TriFan 600 aircraft.

Our RTLS solution leverages cutting-edge technologies such as IoT, AI, and big data analytics to provide real-time tracking and monitoring of assets, machines, and people within industrial environments. With our RTLS, businesses can achieve improved operational efficiency, enhanced safety and reduced costs. By having real-time visibility into operations, industrial organizations can make informed, data-driven decisions, minimize downtime, and ensure compliance with industry regulations.

Our full-stack Industrial IoT solution provides end-to-end visibility and control over a wide range of assets and devices. It is designed to help organizations optimize their operations and gain a competitive edge in today's data-driven world. The turn-key platform integrates a range of technologies, including RTLS, sensor networks, edge computing, and big data analytics, to provide a comprehensive view of an organization's operations. We help organizations track the location and status of assets in real-time, identify inefficiencies, and make decisions that drive business growth. Our IoT stack covers all the technology layers, from the edge devices to the cloud. It includes hardware components such as sensors and gateways, a robust software platforms for data management and analysis, and a user-friendly dashboard for real-time monitoring and control. Our solutions also offer robust security features, to help ensure the protection of sensitive data. Additionally, our RTLS provides scalability and flexibility, allowing organizations to easily integrate it with their existing systems and add new capabilities as their needs evolve.

Corporate Strategy

Commercial Aviation

We intend to continue our development of the TriFan 600 by engaging key supply partners, establishing vendors of key components of the full-scale Test Aircraft #1, commissioning and completing trade studies, and completing the development design review of the TriFan 600. We will need additional capital to complete our development of the series of Test Aircraft and beyond and are pursuing multiple alternatives for such funding.

We will continue to develop an internal and external sales and marketing capability to increase awareness of the aircraft and position the Company to continue taking customer orders and deposits. We believe that increasing awareness of the aircraft and demonstrating customer demand through sales orders will enhance the Company's ability to continue raising capital in the future.

We do not believe we will be able to generate revenues in this commercial aviation segment without successfully completing the certification of the proposed TriFan 600 aircraft. We cannot determine with certainty the timing, duration or the costs necessary to complete the design, development, certification, and manufacturing of our TriFan 600 aircraft due to the inherently unpredictable nature of our research and development activities. Development timelines, the probability of success, and development costs may differ materially from expectations.

Industrial IoT

Since 2019 and post-XTI Merger, our operations have been focused on building and developing our Indoor Intelligence™ platform to be able to offer a comprehensive range of solutions that allow for the collection of data within workplace environments to delivering insights from that data for, people, places and things. We believe we have positioned the Industrial IoT business as a market leader with a comprehensive suite of products and solutions allowing us to help organizations enhance the visitor and employee experience with actionable indoor intelligence making them smarter, safer and more secure. We operate and compete in an industry that is characterized by rapid technological innovation, changing customer needs, evolving industry standards and frequent introductions of new products, product enhancements, services and distribution methods. Our success will depend on our ability to develop expertise with these new products, product enhancements, services and distribution methods and to implement solutions that anticipate and respond to rapid changes in technology, the industry, and customer needs.

Subject to limited exceptions, a holder of the Series 5 Preferred Stock will not have the right to convert any portion of the Series 5 Preferred Stock to the extent that, after giving effect to the conversion, the holder, together with its affiliates, would beneficially own in excess of 4.99% (subject to adjustment to up to 9.99% solely at the holder’s discretion upon 61 days’ prior notice to us) of the number of shares of our common stock outstanding immediately after giving effect to its conversion.

Fundamental Transactions. In the event we effect certain mergers, consolidations, sales of substantially all of our assets, tender or exchange offers, reclassifications or share exchanges in which our common stock is effectively converted into or exchanged for other securities, cash or property, we consummate a business combination in which another person acquires 50% of the outstanding shares of our common stock, or any person or group becomes the beneficial owner of 50% of the aggregate ordinary voting power represented by our issued and outstanding common stock, then, upon any subsequent conversion of the Series 5 Preferred Stock, the holders of the Series 5 Preferred Stock will have the right to receive any shares of the acquiring corporation or other consideration it would have been entitled to receive if it had been a holder of the number of shares of common stock then issuable upon conversion in full of the Series 5 Preferred Stock.

Dividends. Holders of Series 5 Preferred Stock will be entitled to receive dividends (on an as-if-converted-to-common-stock basis) in the same form as dividends actually paid on shares of the common stock when, as and if such dividends are paid on shares of common stock.

Voting Rights. Except as otherwise provided in the certificate of designation or as otherwise required by law, the Series 5 Preferred Stock has no voting rights.

Liquidation Preference. Upon our liquidation, dissolution or winding-up, whether voluntary or involuntary, holders of Series 5 Preferred Stock will be entitled to receive out of our assets, whether capital or surplus, the same amount that a holder of common stock would receive if the Series 5 Preferred Stock were fully converted (disregarding for such purpose any conversion limitations under the certificate of designation) to common stock, which amounts will be paid pari passu with all holders of common stock.

Redemption Rights. We are not obligated to redeem or repurchase any shares of Series 5 Preferred Stock. Shares of Series 5 Preferred Stock are not otherwise entitled to any redemption rights, or mandatory sinking fund or analogous provisions.

Series 9 Preferred Stock

On March 12, 2024, the Company filed the Certificate of Designations of Preferences and Rights of Series 9 Preferred Stock (as amended, the “Certificate of Designation”), with the Secretary of State of Nevada, designating 20,000 shares of preferred stock, par value \$0.001 of the Company, as Series 9 Preferred Stock, which was amended by the Certificate of Amendment to Designations of Preferences and Rights of Series 9 Preferred Stock filed by the Company with the Secretary of State of Nevada on April 30, 2024. Each share of Series 9 Preferred Stock has a stated face value of \$1,050.00 (“Stated Value”). The Series 9 Preferred Stock is not convertible into shares of common stock of the Company. As of June 14, 2024, there were 7,752 shares of Series 9 Preferred Stock outstanding.

Each share of Series 9 Preferred Stock will accrue a rate of return on the Stated Value in the amount of 10% per year, compounded annually to the extent not paid, and pro rata for any fractional year periods (the “Preferred Return”). The Preferred Return will accrue on each share of Series 9 Preferred Stock from the date of issuance and will be payable on a quarterly basis, either in cash or through the issuance of an additional number of shares of Series 9 Preferred Stock equal to (i) the Preferred Return then accrued and unpaid, divided by (ii) the Stated Value, at the Company’s discretion.

Commencing on the one-year anniversary of the respective issuance date of each share of Series 9 Preferred Stock, each such share of Series 9 Preferred Stock will accrue an automatic quarterly dividend, based on three quarters of 91 days each and the last quarter of 92 days (or 93 days for leap years), which will be calculated on the Stated Value of such share of Series 9 Preferred Stock, and which will be payable in additional shares of Series 9 Preferred Stock, based on the Stated Value, or in cash as set forth in the Certificate of Designation (each, as applicable, the “Quarterly Dividend”). For the period beginning on the one-year anniversary of the issuance date of a share of Series 9 Preferred Stock to the two-year anniversary of the issuance date of each share of Series 9 Preferred Stock, the Quarterly Dividend will be 2% per quarter in respect of such share, and for all periods following the two-year anniversary of the issuance date of each share of Series 9 Preferred Stock, the Quarterly Dividend will be 3% per quarter in respect of such share.

If at any time while any share of Series 9 Preferred Stock is outstanding, the Company undergoes or enters into a Fundamental Transaction (as defined in the Certificate of Designation), the Company will cause any successor entity in any such Fundamental Transaction in which the Company is not the surviving company, to assume in writing all of the obligations of the Company under the Certificate of Designation. Subject to the terms and conditions in the Certificate of Designation, the Company may, at any time, elect to redeem all, but not less than all, of the shares of Series 9 Preferred Stock issued and outstanding from all of the Series 9 Preferred Stock holders by paying an amount in cash (or, if accepted by the Series 9 Preferred Stock holder, securities or other property of the Company) equal to the Series 9 Preferred Liquidation Amount (as defined in the Certificate of Designation) applicable to such shares of Series 9 Preferred Stock being redeemed. The Series 9 Preferred Liquidation Amount per share is determined as the Stated Value per share plus any accrued but unpaid Preferred Return, and any accrued and unpaid Quarterly Dividend at that time.

The Series 9 Preferred Stock confers no voting rights on its holders, except with respect to matters that materially and adversely affect the rights or preferences of the Series 9 Preferred Stock or such matters specified in the Certificate of Designation that require the consent of holders of at least a majority of the outstanding shares of Series 9 Preferred Stock.

The Certificate of Designation contains certain obligations of the Company, such that until such time as no shares of Series 9 Preferred Stock remain outstanding, the Company and its subsidiaries are required to comply with certain covenants with respect to Fundamental Transactions, the Company’s status as a publicly-traded company and an SEC reporting company, and other matters set forth in the Certificate of Designation, unless otherwise consented to by holders of at least a majority of the outstanding Series 9 Preferred Stock.

Description of Subscription Rights

We may issue subscription rights to purchase shares of our common stock, preferred stock or other securities. These subscription rights may be issued independently or together with any other security offered hereby and may or may not be transferable by the stockholder receiving the subscription rights in such offering. In connection with any offering of subscription rights, we may enter into a standby arrangement with one or more underwriters or other purchasers pursuant to which the underwriters or other purchasers may be required to purchase any securities remaining unsubscribed for after such offering.

The applicable prospectus supplement will describe the specific terms of any offering of subscription rights for which this prospectus is being delivered, including the following:

- the price, if any, for the subscription rights;
- the exercise price payable for each share of common stock or preferred stock upon the exercise of the subscription rights;
- the number of subscription rights issued to each stockholder;
- the number and terms of the shares of common stock or preferred stock which may be purchased per each subscription right;
- the extent to which the subscription rights are transferable;
- any other terms of the subscription rights, including the terms, procedures and limitations relating to the exchange and exercise of the subscription rights;
- the date on which the right to exercise the subscription rights shall commence, and the date on which the subscription rights shall expire;
- the extent to which the subscription rights may include an over-subscription privilege with respect to unsubscribed securities; and
- if applicable, the material terms of any standby underwriting or purchase arrangement entered into by us in connection with the offering of subscription rights.

The description in the applicable prospectus supplement of any subscription rights we offer will not necessarily be complete and will be qualified in its entirety by reference to the applicable subscription rights certificate, which will be filed with the SEC if we offer subscription rights.

Description of Units

We may, from time to time, issue units comprised of one or more of the other securities described in this prospectus in any combination. A prospectus supplement will describe the specific terms of the units offered under that prospectus supplement, and any special considerations applicable to investing in those units. You must look at the applicable prospectus supplement and any applicable unit agreement for a full understanding of the specific terms of any units. We will incorporate by reference into the registration statement of which this prospectus is a part the form of unit agreement, including a form of unit certificate, if any, that describes the terms of the series of units we are offering before the issuance of the related series of units. While the terms we have summarized below will generally apply to any future units that we may offer under this prospectus, we will describe the particular terms of any series of units that we may offer in more detail in the applicable prospectus supplement and incorporated documents. The terms of any units offered under a prospectus supplement may differ from the terms described below.

General

We may issue units consisting of common stock, preferred stock, warrants or any combination thereof. Each unit will be issued so that the holder of the unit is also the holder of each security included in the unit. Thus, the holder of a unit will have the rights and obligations of a holder of each included security. The unit agreement under which a unit is issued may provide that the securities included in the unit may not be held or transferred separately, at any time, or at any time before a specified date.

We will describe in the applicable prospectus supplement and any incorporated documents the terms of the series of units, including the following:

- the designation and terms of the units and of the securities comprising the units, including whether and under what circumstances those securities may be held or transferred separately;
- any unit agreement under which the units will be issued; and
- any provisions for the issuance, payment, settlement, transfer, or exchange of the units or of the securities comprising the units.

The provisions described in this section, as well as those described under “Description of Common Stock,” “Description of Preferred Stock,” and “Description of Warrants” will apply to each unit and to any common stock, preferred stock or warrant included in each unit, respectively.

Issuance in Series

We may issue units in such amounts and in such numerous distinct series as we determine.

Enforceability of Rights by Holders of Units

Each unit agent will act solely as our agent under the applicable unit agreement and will not assume any obligation or relationship of agency or trust with any holder of any unit. A single bank or trust company may act as unit agent for more than one series of units. A unit agent will have no duty or responsibility in case of any default by us under the applicable unit agreement or unit, including any duty or responsibility to initiate any proceedings at law or otherwise, or to make any demand upon us. Any holder of a unit, without the consent of the related unit agent or the holder of any other unit, may enforce by appropriate legal action its rights as holder under any security included in the unit.

Title

We, the unit agent, and any of their agents may treat the registered holder of any unit certificate as an absolute owner of the units evidenced by that certificate for any purposes and as the person entitled to exercise the rights attaching to the units so requested, despite any notice to the contrary.

Description of Warrants

Warrants to Purchase Common Stock, Preferred Stock

We may issue warrants for the purchase of common stock or preferred stock. We may issue warrants independently or together with any offered securities. The warrants may be attached to or separate from those offered securities. We may issue the warrants under warrant agreements to be entered into between us and a bank or trust company to be named in the applicable prospectus supplement, as warrant agent, all as described in the applicable prospectus supplement. The warrant agent will act solely as our agent in connection with the warrants and will not assume any obligation or relationship of agency or trust for or with any holders or beneficial owners of warrants. If we offer warrants, we will file the warrant agreement relating to the offered warrants as an exhibit to, or incorporate it by reference in, the registration statement of which this prospectus is a part.

The prospectus supplement relating to any warrants that we may offer will contain the specific terms of the warrants. These terms may include the following:

- the title of the warrants;
- the price or prices at which the warrants will be issued;
- the designation, amount and terms of the securities for which the warrants are exercisable;
- the designation and terms of the other securities, if any, with which the warrants are to be issued and the number of warrants issued with each other security;
- the aggregate number of warrants;
- any provisions for adjustment of the number or amount of securities receivable upon exercise of the warrants or the exercise price of the warrants;
- the price or prices at which the securities purchasable upon exercise of the warrants may be purchased;
- if applicable, the date on and after which the warrants and the securities purchasable upon exercise of the warrants will be separately transferable;
- a discussion of any material U.S. federal income tax considerations applicable to the exercise of the warrants;
- the date on which the right to exercise the warrants will commence, and the date on which the right will expire;
- the maximum or minimum number of warrants that may be exercised at any time;
- information with respect to book-entry procedures, if any; and
- any other terms of the warrants, including terms, procedures and limitations relating to the exchange and exercise of the warrants.

Exercise of Warrants

Each warrant will entitle the holder of warrants to purchase for cash the amount of common stock or preferred stock at the exercise price stated or determinable in the prospectus supplement for the warrants. Warrants may be exercised at any time up to the close of business on the expiration date shown in the applicable prospectus supplement, unless otherwise specified in such prospectus supplement. After the close of business on the expiration date, if applicable, unexercised warrants will become void. Warrants may be exercised as described in the applicable prospectus supplement. When the warrant holder makes the payment and properly completes and signs the warrant certificate at the corporate trust office of the warrant agent or any other office indicated in the prospectus supplement, we will, as soon as possible, forward the common stock or preferred stock that the warrant holder has purchased. If the warrant holder exercises the warrant for less than all of the warrants represented by the warrant certificate, we will issue a new warrant certificate for the remaining warrants.

Outstanding Warrants

As of June 14, 2024, there were warrants outstanding to purchase up to a total of 289,215 shares of our common stock, which expire between 2024 and 2029. Each of these warrants entitles the holder to purchase one share of common stock at current prices ranging from \$0.12 to \$93,656.25 per share.

October 2022 Warrants

On October 18, 2022, we entered into a securities purchase agreement with an institutional investor named therein, pursuant to which, among other things, we issued warrants to purchase up to 38,462 shares of our common stock (the “October 2022 Warrants”), all of which are outstanding as of June 14, 2024. The October 2022 Warrants have an exercise price of \$585.00 per share. Each October 2022 Warrant is exercisable for one share of common stock and expires five years from the issuance date. The exercise price and number of shares of common stock issuable upon exercise are subject to appropriate adjustment in the event of stock dividends, stock splits, reorganizations or similar events affecting our common stock.

Exercisability. The October 2022 Warrants are exercisable, at the option of each holder, in whole or in part, by delivering to us a duly executed exercise notice accompanied by payment in full for the number of shares of our common stock purchased upon such exercise (except in the case of a cashless exercise as discussed below). A holder (together with its affiliates) may not exercise any portion of such holder’s October 2022 Warrants to the extent that the holder would own more than 4.99% of our outstanding common stock immediately after exercise, except that upon notice from the holder to us, the holder may decrease or increase the limitation of ownership of outstanding stock after exercising the holder’s October 2022 Warrants up to 9.99% of the number of shares of our common stock outstanding immediately after giving effect to the exercise, as such percentage ownership is determined in accordance with the terms of the October 2022 Warrants, provided that any increase in such limitation will not be effective until 61 days following notice to us.

Cashless Exercise. If, at the time a holder exercises its October 2022 Warrants, a registration statement registering the issuance of the shares of common stock underlying the October 2022 Warrants under the Securities Act is not then effective or available for the issuance of such shares, then in lieu of making the cash payment otherwise contemplated to be made to us upon such exercise in payment of the aggregate exercise price, the holder may elect instead to receive upon such exercise (either in whole or in part) the net number of shares of common stock determined according to a formula set forth in the October 2022 Warrants.

Transferability. An October 2022 Warrant may be transferred at the option of the holder upon surrender of the October 2022 Warrant to us together with the appropriate instruments of transfer.

Fractional Shares. No fractional shares of common stock will be issued upon the exercise of the October 2022 Warrants. Rather, the number of shares of common stock to be issued will, at our election, either be rounded up to the nearest whole number or we will pay a cash adjustment in respect of such final fraction in an amount equal to such fraction multiplied by the exercise price.

Trading Market. There is no established trading market for any of the October 2022 Warrants, and we do not expect a market to develop. We have not applied for a listing for any of the October 2022 Warrants on any securities exchange or other nationally recognized trading system. Without an active trading market, the liquidity of the October 2022 Warrants is limited.

Rights as a Stockholder. Except as otherwise provided in the October 2022 Warrants or by virtue of the holders’ ownership of shares of our common stock, the holders of October 2022 Warrants do not have the rights or privileges of holders of our common stock, including any voting rights, until such October 2022 Warrant holders exercise their October 2022 Warrants.

Fundamental Transaction. In the event of a fundamental transaction, as described in the October 2022 Warrants and generally including any reorganization, recapitalization or reclassification of our common stock, the sale, transfer or other disposition of all or substantially all of our properties or assets, our consolidation or merger with or into another person whereby the stockholders of the Company immediately prior to such merger or consolidation do not own, directly or indirectly, at least 50% of the voting power of the surviving entity immediately after such merger or consolidation, the acquisition of more than 50% of our outstanding common stock, or any person or group becoming the beneficial owner of 50% of the voting power represented by our outstanding common stock, the holders of the October 2022 Warrants will be entitled to receive upon exercise of the October 2022 Warrants prior to the occurrence of the fundamental transaction, the kind and amount of securities, cash or other property receivable by a holder of the corresponding amount of shares of common stock for which the warrant is being exercised immediately prior to such fundamental transaction.

Waivers and Amendments. No term of the October 2022 Warrants may be amended or waived without the written consent of the holders of a majority of the then outstanding October 2022 Warrants (based on the number of warrant shares then underlying such October 2022 Warrants), provided that if any amendment, modification or waiver disproportionately and adversely impacts a holder (or group of holders), the consent of such disproportionately impacted holder (or group of holders) will also be required.

August 2019 Series A Warrants

In connection with an underwriting agreement dated August 12, 2019, we issued Series A warrants to purchase shares of common stock. As of June 14, 2024, there were outstanding Series A warrants to purchase up to 15 shares of common stock at an exercise price of \$93,656.25 per share.

Exercisability. The Series A warrants are exercisable at any time after their original issuance and expire on the fifth anniversary of the original issuance date. The Series A warrants are exercisable, at the option of each holder, in whole or in part, by delivering to us a duly executed exercise notice and, at any time a registration statement registering the issuance of the shares of common stock underlying the Series A warrants under the Securities Act is effective and available for the issuance of such shares, or an exemption from registration under the Securities Act is available for the issuance of such shares, by payment in full in immediately available funds for the number of shares of common stock purchased upon such exercise. A holder will not have the right to exercise any portion of the Series A warrant if the holder (together with its affiliates) would beneficially own in excess of 4.99% (or, upon election of the holder, up to 9.99%) of the number of shares of our common stock outstanding immediately after giving effect to the exercise, as such percentage ownership is determined in accordance with the terms of the Series A warrants. However, any holder may increase or decrease such percentage, provided that any increase will not be effective until the 61st day after such election.

Exercise Price. The exercise price is subject to appropriate adjustment in the event of certain stock dividends and distributions, stock splits, stock combinations, reclassifications or similar events affecting our common stock and also upon any distributions of assets, including cash, stock or other property to our stockholders.

Cashless Exercise. If, at the time a holder exercises its Series A warrants, a registration statement registering the issuance of the shares of common stock underlying the Series A warrants under the Securities Act is not then effective or available, then in lieu of making the cash payment otherwise contemplated to be made to us upon such exercise in payment of the aggregate exercise price, the holder may elect instead to receive upon such exercise (either in whole or in part) the net number of shares of common stock determined according to a formula set forth in the Series A warrants. In addition, the Series A warrants also provide that, beginning on the earlier of the date that is 30 days after the public announcement of the pricing of these warrants' offering or the date on which a total of more than 60,000,000 shares of our common stock (subject to adjustment for stock dividends, distributions, subdivisions, combinations or reclassifications) have traded since the public announcement of the pricing of such offering, the Series A warrants may be exercised at the option of the holder on a cashless basis, in whole or in part for all of the shares that would be received upon cash exercise, if on the date of exercise, the volume weighted average price of our common stock is lower than three times the then applicable exercise price per share.

Transferability. Subject to applicable laws, the Series A warrants may be offered for sale, sold, transferred or assigned without our consent.

Fractional Shares. No fractional shares of common stock will be issued in connection with the exercise of a Series A warrant. In lieu of fractional shares, we will pay the holder, at our election, either an amount of cash equal to the fractional amount multiplied by the exercise price or round up to the next whole share.

Exchange Listing. There is no established trading market for the Series A warrants and we do not expect a market to develop. We have not applied for the listing of the Series A warrants on any national securities exchange or other trading market. Without an active trading market, the liquidity of the Series A warrants is limited.

Fundamental Transactions. If we effect a fundamental transaction, then upon any subsequent exercise of the Series A warrants, the holder thereof will have the right to receive, for each share of common stock that would have been issuable upon such exercise immediately prior to the occurrence of such fundamental transaction, the number of shares of the successor's or acquiring corporation's common stock or of our common stock, if we are the surviving corporation, and any additional consideration receivable as a result of such fundamental transaction by a holder of the number of shares of common stock into which the Series A warrants are exercisable immediately prior to such fundamental transaction. A fundamental transaction means: (i) the Company, directly or indirectly, in one or more related transactions effects any merger or consolidation of the Company with or into another entity; (ii) the Company, directly or indirectly, effects any sale, lease, license, assignment, transfer, conveyance or other disposition of all or substantially all of its assets in one or a series of related transactions; (iii) any, direct or indirect, purchase offer, tender offer or exchange offer (whether by the Company or another party) is completed pursuant to which holders of common stock are permitted to sell, tender or exchange their shares for other securities, cash or property and has been accepted by the holders of 50% or more of the outstanding common stock; (iv) the Company, directly or indirectly, in one or more related transactions effects any reclassification, reorganization or recapitalization of the common stock or any compulsory share exchange pursuant to which the common stock is effectively converted into or exchanged for other securities, cash or property; or (v) the Company, directly or indirectly, in one or more related transactions consummates a stock or share purchase agreement or other business combination (including, without limitation, a reorganization, recapitalization, spin-off or scheme of arrangement) with another party whereby such other party or group acquires more than 50% of the outstanding shares of common stock (not including any shares of common stock held by the other party making or party to, or associated or affiliated with the other parties making or party to, such stock or share purchase agreement or other business combination). Any successor to us or surviving entity will assume the obligations under the Series A warrants and will, at the option of the holder, deliver to the holder in exchange for the Series A warrant a security of the successor entity which is exercisable for a corresponding number of shares of capital stock of such successor entity equivalent to the shares of common stock acquirable and receivable upon exercise of the Series A warrant prior to such fundamental transaction, and with an exercise price which applies the exercise price under the Series A warrant to such shares of capital stock (but taking into account the relative value of the shares of common stock pursuant to such fundamental transaction and the value of such shares of capital stock, such number of shares of capital stock and such exercise price being for the purpose of protecting the economic value of the Series A warrant immediately prior to the consummation of such fundamental transaction). In addition, as further described in the Series A warrants, in the event of any fundamental transaction, the holders of the Series A warrants will have the right to require us to purchase the Series A warrants for an amount in cash equal to the value of the Series A warrant based on the Black and Scholes Option Pricing Model obtained from the "OV" function on Bloomberg, L.P. ("Bloomberg") determined as of the day of consummation of the applicable fundamental transaction for pricing purposes and reflecting (A) a risk-free interest rate corresponding to the U.S. Treasury rate for a period equal to the time between the date of the public announcement of the applicable fundamental transaction and the termination date, (B) an expected volatility equal to the greater of 100% and the 100 day volatility obtained from the HVT function on Bloomberg as of the trading day immediately following the public announcement of the applicable fundamental transaction (determined utilizing a 365 day annualization factor), (C) the underlying price per share used in such calculation will be the greater of (i) the sum of the price per share being offered in cash, if any, plus the value of any non-cash consideration, if any, being offered in such fundamental transaction and (ii) the highest VWAP (as defined in the Series A warrant) during the period beginning on the trading day immediately preceding the announcement of the applicable fundamental transaction and ending on the trading day immediately preceding the consummation of the applicable fundamental transaction, (D) a remaining option time equal to the time between the date of the public announcement of the applicable fundamental transaction and the termination date and (E) a zero cost of borrow ("Black Scholes Value"), provided, however, if the fundamental transaction is not within our control, including not approved by our board of directors, the holders will only be entitled to receive from the Company or any successor entity, as of the date of consummation of such fundamental transaction, the same type or form of consideration (and in the same proportion), at the Black Scholes Value) of the unexercised portion of the Series A warrant, that is being offered and paid to the holders of common stock of the Company in connection with the fundamental transaction.

Rights as a Stockholder. Except as otherwise provided in the Series A warrants or by virtue of such holder's ownership of shares of our common stock, the holder of a Series A warrant does not have the rights or privileges of a holder of our common stock, including any voting rights, until the holder exercises the Series A warrant.

Waivers and Amendments. No term of the Series A warrants may be amended or waived without the written consent of the holders of at least two-thirds of the then outstanding Series A warrant (based on the number of warrant shares then underlying such Series A warrants), provided that if any amendment, modification or waiver disproportionately and adversely impacts a holder (or group of holders), the consent of such disproportionately impacted holder (or group of holders) will also be required.

Assumed Warrants

The following is a brief summary of the material terms of outstanding warrants originally issued by Legacy XTI and assumed by us in connection with the closing of the XTI Merger on March 12, 2024. The exercise prices of such assumed warrants and the number of shares of our common stock issuable upon exercise thereof reflect the application of the XTI Merger exchange ratio pursuant to the terms of the XTI Merger Agreement.

Legacy XTI 2023 Warrants

In May 2023 and July 2023, Legacy XTI issued investors warrants to purchase shares of Legacy XTI common stock (the "Legacy XTI 2023 Warrants"). Notwithstanding the terms of the XTI Merger Agreement, the board of directors of Legacy XTI determined to adjust the exercise price of Legacy XTI 2023 Warrants held by an employee to \$5.29, effective as of the closing of the XTI Merger, as bonus consideration in exchange for such employee's services to Legacy XTI in connection with the XTI Merger. As of June 14, 2024, there were outstanding (i) Legacy XTI 2023 Warrants to purchase up to 2,231 shares of our common stock at an exercise price of \$16.81 per share and (ii) Legacy XTI 2023 Warrants to purchase up to 7,764 shares of our common stock at an exercise price of \$5.29 per share.

The Legacy XTI 2023 Warrants were immediately exercisable and expire on the five-year anniversary of the initial exercise date. The exercise price is subject to appropriate adjustment in the event of certain stock dividends and distributions, stock splits, stock combinations, reclassifications or similar events affecting our common stock. In addition, if there is a merger or a consolidation of the Company with or into another entity when the Company is not the surviving entity, or a sale of all or substantially all of the assets of the Company in one or a series of related transactions, then, as part of such merger, consolidation or sale of assets, a holder of a Legacy XTI 2023 Warrant will be entitled to receive upon exercise of such Legacy XTI 2023 Warrant, the number of shares of stock or other securities or property (including cash) of the successor entity resulting from such merger, consolidation or sale, that the holder would have received had such Legacy XTI 2023 Warrant been exercised in full immediately before such merger, consolidation or sale.

The Legacy XTI 2023 Warrants are nontransferable except with our consent.

No fractional shares of common stock will be issued in connection with the exercise of a Legacy XTI 2023 Warrant. In lieu of fractional shares, we will pay the holder an amount in cash equal to the fractional amount multiplied by the exercise price.

The Legacy XTI 2023 Warrants prohibit the holders thereof from selling or otherwise transferring or disposing any Company securities (other than those securities included in the registration) during a period of up to 180 days following the effective date of the registration statement for a Company underwritten public offering or such shorter period to which the Company or any officer, director or shareholder of the Company, is subject under the terms and conditions of such underwritten public offering. The Legacy XTI 2023 Warrants further provide that the holders thereof agree to execute a market standoff agreement with the underwriters of such public offering in customary form consistent with the foregoing provisions.

Mesa Warrant

On February 2, 2022, Legacy XTI entered into a conditional aircraft purchase contract (the “Aircraft Purchase Agreement”) with Mesa Air Group, Inc. and Mesa Airlines, Inc. (“Mesa”) relating to the purchase of 100 TriFan 600 aircraft and in connection therewith, Legacy XTI issued Mesa a warrant to purchase shares of Legacy XTI common stock, which was amended as of April 3, 2022 and March 11, 2024 (as so amended, the “Mesa Warrant”). The Mesa Warrant contains conditional vesting criteria. One-third of the shares represented by the Mesa Warrant vested upon the execution and delivery of the Aircraft Purchase Agreement, one-sixth of the shares vested on March 11, 2024, and one-third of the shares will vest upon the acceptance of delivery and final purchase of the first TriFan 600 aircraft by Mesa pursuant to the Aircraft Purchase Agreement. One-sixth of unvested shares lapsed on March 12, 2024. The Mesa Warrant requires the parties to agree on an initial strategic public and industry announcement within 90 days of March 11, 2024 or such other time as the parties may mutually agree. The Mesa Warrant will expire on the earlier of (i) a liquidation event as defined therein and (ii) 5:00 p.m. Pacific time on February 2, 2029. As of June 14, 2024, there were 189,156 shares of our common stock underlying the Mesa Warrant at an exercise price of \$0.12 per share.

The exercise price is subject to appropriate adjustment in the event of certain stock dividends and distributions, stock splits, stock combinations, reclassifications or similar events affecting our common stock. In addition, if there is a merger or a consolidation of the Company with or into another entity when the Company is not the surviving entity, or a sale of all or substantially all of the assets of the Company in one or a series of related transactions, then, as part of such merger, consolidation or sale of assets, the holder of the Mesa Warrant will be entitled to receive upon exercise of the Mesa Warrant, the number of shares of stock or other securities or property (including cash) of the successor entity resulting from such merger, consolidation or sale, that the holder would have received had the Mesa Warrant been exercised in full immediately before such merger, consolidation or sale.

The holder may exercise the Mesa Warrant through a cashless exercise, in whole or in part, in which the holder would receive upon such exercise the net number of shares of common stock determined according to the formula set forth in the Mesa Warrant. In addition, any portion of the Mesa Warrant that remains exercisable but unexercised will be exercised automatically on a cashless basis to the extent exercisable, upon the expiration date.

The Mesa Warrant is nontransferable except with our consent.

No fractional shares of common stock will be issued in connection with the exercise of the Mesa Warrant. In lieu of fractional shares, we will pay the holder an amount in cash equal to the fractional amount multiplied by the exercise price.

Financing Warrants

From October 2017 to January 2019, Legacy XTI issued investors warrants to purchase shares of Legacy XTI common stock (the “Financing Warrants”) in connection with certain debt financings. As of June 14, 2024, there were outstanding (i) Financing Warrants to purchase up to 10,799 shares of our common stock at an exercise price of \$11.21 per share and (ii) Financing Warrants to purchase up to 9,996 shares of our common stock at an exercise price of \$16.81 per share.

The Financing Warrants were immediately exercisable and expire on the ten-year anniversary of the initial exercise date. The exercise price is subject to appropriate adjustment in the event of certain stock dividends and distributions, stock splits, stock combinations, reclassifications or similar events affecting our common stock. In addition, in case of any reclassification, capital reorganization, or change in the capital stock (including because of a change of control) of the Company (other than as a result of a subdivision, combination, or stock dividend), a holder of a Financing Warrant will have the right at any time before the expiration of such Financing Warrant to purchase, at a total price equal to that payable upon the exercise of the Financing Warrant, the kind and amount of shares of stock and other securities and property receivable in connection with such reclassification, reorganization, or change by a holder of the same number of shares of common stock as were purchasable by the holder immediately before such reclassification, reorganization, or change.

The Financing Warrants may be transferred at the option of the holder upon surrender of such warrants to us together with the appropriate instruments of transfer.

No fractional shares of common stock will be issued in connection with the exercise of a Financing Warrant. In lieu of fractional shares, we will pay the holder an amount in cash equal to the fractional amount multiplied by the exercise price.

Replacement Warrants

In December 2022, Legacy XTI issued warrants to purchase shares of Legacy XTI common stock (the “Replacement Warrants”) to certain transferees of a former service provider to whom Legacy XTI had previously granted a 10-year warrant to purchase shares of Legacy XTI common stock. As of June 14, 2024, there were outstanding Replacement Warrants to purchase up to 30,792 shares of our common stock at an exercise price of \$0.12 per share.

The Replacement Warrants were immediately exercisable upon issuance to the transferees and expire in May 2028. The exercise price is subject to appropriate adjustment in the event of certain stock dividends and distributions, stock splits, stock combinations, reclassifications or similar events affecting our common stock. In addition, if the Company consolidates or merges with or into another person or entity, or sells all or substantially all of its assets or stock or enters into any other similar transaction, liquidation, recapitalization or reorganization (any such action, a “Reorganization”), a holder of a Replacement Warrant will be entitled to receive, upon exercise of such Replacement Warrant, the number of shares of stock or other securities or property to which a holder of the number of shares of common stock that would otherwise have been deliverable upon exercise of such warrant would have been entitled upon such Reorganization if such Replacement Warrant had been exercised in full immediately prior to such Reorganization.

A holder may exercise the Replacement Warrants through a cashless exercise, in whole or in part, in which the holder would receive upon such exercise the net number of shares of common stock determined according to the formula set forth in the Replacement Warrants.

The Replacement Warrants may be transferred at the option of the holder upon surrender of such warrants to us together with the appropriate instruments of transfer.

The holders of the Replacement Warrants have certain information rights. The Replacement Warrants provide that we will, at all reasonable times during our normal business hours and upon reasonable notice, permit any authorized representative designated by a holder of a Replacement Warrant to visit and inspect any of our properties, including, without limitation, our books and records (and to make copies and extracts therefrom), and to discuss our affairs, finances and accounts with our officers, for the purposes of monitoring such holder’s investment in Legacy XTI, subject to the confidentiality provisions of that certain letter agreement, dated May 4, 2018, by and between Legacy XTI and the former service provider. In addition, we will provide the holder with such quarterly and annual financial statements and reports as it makes available to the holders of our Preferred Stock whenever such materials are provided to such holders.

Indemnification of Directors and Officers

Section 78.7502 of the Nevada Revised Statutes (“NRS”) provides, in general, that a corporation incorporated under the laws of the State of Nevada, as we are, may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding whether civil, criminal, administrative or investigative (other than a derivative action by or in the right of the corporation) by reason of the fact that such person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys’ fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding if such person (a) is not liable pursuant to Section 73.138 of the NRS, and (b) acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe such person’s conduct was unlawful. In the case of a derivative action, a Nevada corporation may indemnify any such person against expenses (including attorneys’ fees) actually and reasonably incurred by such person in connection with the defense or settlement of such action or suit if such person (a) is not liable pursuant to Section 73.138 of the NRS, and (b) acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of the corporation.

Our articles of incorporation and Bylaws provide that we will indemnify our directors, officers, employees and agents to the extent and in the manner permitted by the provisions of the NRS, as amended from time to time, subject to any permissible expansion or limitation of such indemnification, as may be set forth in any stockholders’ or directors’ resolution or by contract.

Any repeal or modification of these provisions approved by our stockholders will be prospective only and will not adversely affect any limitation on the liability of any of our directors or officers existing as of the time of such repeal or modification.

We are also permitted to maintain insurance on behalf of any director, officer, employee or other agent for liability arising out of his actions, whether or not the NRS would permit indemnification.

INSOFAR AS INDEMNIFICATION FOR LIABILITIES ARISING UNDER THE SECURITIES ACT OF 1933 MAY BE PERMITTED TO OUR DIRECTORS, OFFICERS AND CONTROLLING PERSONS PURSUANT TO THE FORGOING PROVISIONS OR OTHERWISE, WE HAVE BEEN INFORMED THAT, IN THE OPINION OF THE SECURITIES AND EXCHANGE COMMISSION, SUCH INDEMNIFICATION IS AGAINST PUBLIC POLICY AS EXPRESSED IN THAT ACT AND IS, THEREFORE, UNENFORCEABLE.

Anti-Takeover Effects of Nevada Law and our Articles of Incorporation and Bylaws

Our articles of incorporation, our bylaws and the Nevada Revised Statutes contain provisions that could delay or make more difficult an acquisition of control of our company not approved by our board of directors, whether by means of a tender offer, open market purchases, proxy contests or otherwise. These provisions have been implemented to enable us to develop our business in a manner that will foster our long-term growth without disruption caused by the threat of a takeover not deemed by our board of directors to be in the best interest of our company and our stockholders. These provisions could have the effect of discouraging third parties from making proposals involving an acquisition or change of control of our company even if such a proposal, if made, might be considered desirable by a majority of our stockholders. These provisions may also have the effect of making it more difficult for third parties to cause the replacement of our current management without the concurrence of our board of directors.

Set forth below is a description of the provisions contained in our articles of incorporation, bylaws and Nevada Revised Statutes that could impede or delay an acquisition of control of our company that our board of directors has not approved. This description is intended as a summary only and is qualified in its entirety by reference to our articles of incorporation and bylaws, forms of each of which are included as exhibits to the registration statement of which this prospectus forms a part.

Authorized But Unissued Preferred Stock

We are currently authorized to issue a total of 5,000,000 shares of preferred stock. Our articles of incorporation provide that the board of directors may issue preferred stock by resolutions, without any action of the stockholders. In the event of a hostile takeover, the board of directors could potentially use this preferred stock to preserve control.

Filling Vacancies

Our bylaws establish that the board shall be authorized to fill any vacancies on the board arising due to the death, resignation or removal of any director. The board is also authorized to fill vacancies if the stockholders fail to elect the full authorized number of directors to be elected at any annual or special meeting of stockholders. Vacancies in the board may be filled by a majority of the remaining directors then in office, even though less than a quorum of the board, or by a sole remaining director.

Removal of Directors

The provisions of our bylaws may make it difficult for our stockholders to remove one or more of our directors. Our bylaws provide that the entire board of directors, or any individual director, may be removed from office at any special meeting of stockholders called for such purpose by vote of the holders of two-thirds of the voting power entitling the stockholders to elect directors in place of those to be removed. Furthermore, according to our bylaws, no director may be removed (unless the entire board is removed) when the votes cast against removal or not consenting in writing to such removal would be sufficient to elect such director if voted cumulatively at an election at which the same total number of votes were cast (or, if such action is taken by written consent, all shares entitled to vote, were voted) and the entire number of directors authorized at the time of the directors' most recent election were then being elected. Our bylaws also provide that when, by the provisions of our articles of incorporation, the holders of the shares of any class or series voting as a class or series are entitled to elect one or more directors, any director so elected may be removed only by the applicable vote of the holders of the shares of that class or series.

Board Action Without Meeting

Our bylaws provide that the board may take action without a meeting if all the members of the board consent to the action in writing. Board action through consent allows the board to make swift decisions, including in the event that a hostile takeover threatens current management.

No Cumulative Voting

Our bylaws and articles of incorporation do not provide the right to cumulate votes in the election of directors. This provision means that the holders of a plurality of the shares voting for the election of directors can elect all of the directors. Non-cumulative voting makes it more difficult for an insurgent minority stockholder to elect a person to the board of directors.

Stockholder Proposals

Except to the extent required under applicable laws, we are not required to include on our proxy card, or describe in our proxy statement, any information relating to any stockholder proposal and disseminated in connection with any meeting of stockholders.

Amendments to Articles of Incorporation and Bylaws

Our articles of incorporation give both the directors and the stockholders the power to adopt, alter or repeal the bylaws of the corporation. Any adoption, alteration, amendment, change or repeal of the bylaws by the stockholders requires an affirmative vote by a majority of the outstanding stock of the company. Any bylaw that has been adopted, amended, or repealed by the stockholders may be amended or repealed by the board, except that the board shall have no power to change the quorum for meetings of stockholders or of the board or to change any provisions of the bylaws with respect to the removal of directors or the filling of vacancies in the board resulting from the removal by the stockholders. Any proposal to amend, alter, change or repeal any provision of our articles of incorporation requires approval by the affirmative vote of a majority of the voting power of all of the classes of our capital stock entitled to vote on such amendment or repeal, voting together as a single class, at a duly constituted meeting of stockholders called expressly for that purpose.

We are subject to the provisions of NRS 78.378 to 78.3793, inclusive, an anti-takeover law, which applies to any acquisition of a controlling interest in an “issuing corporation.” In general, such anti-takeover laws permit the articles of incorporation, bylaws or a resolution adopted by the directors of an “issuing corporation” (as defined in NRS 78.3788) to impose stricter requirements on the acquisition of a controlling interest in such corporation than the provisions of NRS 78.378 to 78.3793, inclusive, as well as permit the directors of an issuing corporation to take action to protect the interests of the corporation and its stockholders, including, but not limited to, adopting plans, arrangements or other instruments that grant or deny rights, privileges, power or authority to holder(s) of certain percentages of ownership and/or voting power. Further, an “acquiring person” (and those acting in association) only obtains such voting rights in the control shares as are conferred by resolution of the stockholders at either a special meeting requested by the acquiring person, provided it delivers an offeror’s statement pursuant to NRS 78.3789 and undertakes to pay the expenses thereof, or at the next special or annual meeting of stockholders. In addition, the anti-takeover law generally provides for (i) the redemption by the issuing corporation of not less than all of the “control shares” (as defined) in accordance with NRS 78.3792, if so provided in the articles of incorporation or bylaws in effect on the 10th day following the acquisition of a controlling interest in an “issuing corporation”, and (ii) dissenter’s rights pursuant to NRS 92A.300 to 92A.500, inclusive, for stockholders that voted against authorizing voting rights for the control shares.

We are also subject to the provisions of NRS 78.411 to 78.444, inclusive, which generally prohibits a publicly held Nevada corporation from engaging in a “combination” with an “interested stockholder” (each as defined) that is the beneficial owner, directly or indirectly, of at least ten percent of the voting power of the outstanding voting shares of the corporation or is an affiliate or associate of the corporation that previously held such voting power within the past three years, for a period of three years after the date the person first became an “interested stockholder”, subject to certain exceptions for authorized combinations, as provided therein.

In accordance with NRS 78.195, our articles of incorporation provide for the authority of the board of directors to issue shares of preferred stock in series by filing a certificate of designation to establish from time to time the number of shares to be included in such series and to fix the designation, powers, preferences and rights of the shares of each such series and the qualifications, limitations or restrictions thereof, subject to limitations prescribed by law.

Market-Making, Stabilization and Other Transactions

There is currently no market for any of the offered securities, other than our common stock which is traded on the Nasdaq Capital Market. If the offered securities are traded after their initial issuance, they may trade at a discount from their initial offering price, depending upon prevailing interest rates, the market for similar securities and other factors. While it is possible that an underwriter could inform us that it intends to make a market in the offered securities, any such underwriter would not be obligated to do so, and any such market-making could be discontinued at any time without notice. Therefore, no assurance can be given as to whether an active trading market will develop for the offered securities. We have no current plans for listing of the preferred stock, warrants or subscription rights on any securities exchange or quotation system. Any such listing with respect to any particular preferred stock, warrants or subscription rights will be described in the applicable prospectus supplement or other offering materials, as the case may be.

PLAN OF DISTRIBUTION

We may offer and sell the securities in any one or more of the following ways:

- to or through underwriters, brokers or dealers;
- directly to one or more other purchasers;
- through a block trade in which the broker or dealer engaged to handle the block trade will attempt to sell the securities as agent, but may position and resell a portion of the block as principal to facilitate the transaction;
- through agents on a best-efforts basis;
- in “at the market” offerings, as defined in Rule 415 under the Securities Act, at negotiated prices, at prices prevailing at the time of sale or at prices related to such prevailing market prices, including sales made directly on the Nasdaq Capital Market or sales made through a market maker other than on an exchange or other similar offerings through sales agents; or
- otherwise through any other method permitted by applicable law or a combination of any of the above methods of sale.

In addition, we may enter into option, share lending or other types of transactions that require us to deliver shares of common stock to an underwriter, broker or dealer, who will then resell or transfer the shares of common stock under this prospectus. We may also enter into hedging transactions with respect to our securities. For example, we may:

- enter into transactions involving short sales of the shares of common stock by underwriters, brokers or dealers;
- sell shares of common stock short and deliver the shares to close out short positions;
- enter into option or other types of transactions that require the delivery of shares of common stock to an underwriter, broker or dealer, who will then resell or transfer the shares of common stock under this prospectus; or
- loan or pledge the shares of common stock to an underwriter, broker or dealer, who may sell the loaned shares or, in the event of default, sell the pledged shares.

We may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third party may use securities pledged by or borrowed from us or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from us in settlement of those derivatives to close out any related open borrowings of stock. The third party in such sale transactions will be an underwriter and, if not identified in this prospectus, will be identified in the applicable prospectus supplement (or a post-effective amendment). In addition, we may otherwise loan or pledge securities to a financial institution or other third party that in turn may sell the securities short using this prospectus. Such financial institution or other third party may transfer its economic short position to investors in our securities or in connection with a concurrent offering of other securities.

Each time we sell securities, we will provide a prospectus supplement that will name any underwriter, dealer or agent involved in the offer and sale of the securities. Any prospectus supplement will also set forth the terms of the offering, including:

- the purchase price of the securities and the proceeds we will receive from the sale of the securities;
- any underwriting discounts and other items constituting underwriters' compensation;
- any public offering or purchase price and any discounts or commissions allowed or re-allowed or paid to dealers;
- any commissions allowed or paid to agents;
- any other offering expenses;
- any securities exchanges on which the securities may be listed;
- the method of distribution of the securities;
- the terms of any agreement, arrangement or understanding entered into with the underwriters, brokers or dealers; and
- any other information we think is important.

If underwriters or dealers are used in the sale, the securities will be acquired by the underwriters or dealers for their own account. The securities may be sold from time to time by us in one or more transactions:

- at a fixed price or prices, which may be changed;
- at market prices prevailing at the time of sale;
- at prices related to such prevailing market prices;
- at varying prices determined at the time of sale; or
- at negotiated prices.

Such sales may be effected:

- in transactions on any national securities exchange or quotation service on which the securities may be listed or quoted at the time of sale;
- in transactions in the over-the-counter market;
- in block transactions in which the broker or dealer so engaged will attempt to sell the securities as agent but may position and resell a portion of the block as principal to facilitate the transaction, or in crosses, in which the same broker acts as an agent on both sides of the trade;
- through the writing of options; or
- through other types of transactions.

The securities may be offered to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more of such firms. Unless otherwise set forth in the prospectus supplement, the obligations of underwriters or dealers to purchase the securities offered will be subject to certain conditions precedent and the underwriters or dealers will be obligated to purchase all the offered securities if any are purchased. Any public offering price and any discount or concession allowed or reallocated or paid by underwriters or dealers to other dealers may be changed from time to time.

The securities may be sold directly by us or through agents designated by us from time to time. Any agent involved in the offer or sale of the securities in respect of which this prospectus is delivered will be named, and any commissions payable to such agent will be set forth in, the prospectus supplement. Unless otherwise indicated in the prospectus supplement, any such agent will be acting on a best efforts basis for the period of its appointment.

Unless otherwise specified in the related prospectus supplement, all securities we offer, other than common stock, will be new issues of securities with no established trading market. Any underwriters may make a market in these securities, but will not be obligated to do so and may discontinue any market making at any time without notice. Any common stock sold pursuant to a prospectus supplement will be listed for trading on the Nasdaq Capital Market or other principal market for our common stock. We may apply to list any series of preferred stock or warrants on an exchange, but we are not obligated to do so. Therefore, there may not be liquidity or a trading market for any series of securities.

Offers to purchase the securities offered by this prospectus may be solicited, and sales of the securities may be made by us directly to institutional investors or others, who may be deemed to be underwriters within the meaning of the Securities Act with respect to any resale of the securities. The terms of any offer made in this manner will be included in the prospectus supplement relating to the offer.

Some of the underwriters, dealers or agents used by us in any offering of securities under this prospectus may be customers of, engage in transactions with, and perform services for us or affiliates of ours in the ordinary course of business. Underwriters, dealers, agents and other persons may be entitled to indemnification against and contribution toward certain civil liabilities, including liabilities under the Securities Act, and to be reimbursed for certain expenses.

Any securities initially sold outside the United States may be resold in the United States through underwriters, dealers or otherwise.

Any underwriters to which offered securities are sold by us for public offering and sale may engage in transactions that stabilize, maintain or otherwise affect the price of the common shares during and after the offering, but those underwriters will not be obligated to do so and may discontinue any market making at any time. Specifically, the underwriters may over-allot or otherwise create a short position in the common shares for their own accounts by selling more shares of common stock than have been sold to them by us. The underwriters may elect to cover any such short position by purchasing common stock in the open market or by exercising the over-allotment option granted to the underwriters. In addition, the underwriters may stabilize or maintain the price of the common stock by bidding for or purchasing common stock in the open market and may impose penalty bids. If penalty bids are imposed, selling concessions allowed to syndicate members or other broker-dealers participating in the offering are reclaimed if shares of common stock previously distributed in the offering are repurchased, whether in connection with stabilization transactions or otherwise. The effect of these transactions may be to stabilize or maintain the market price of the common stock at a level above that which might otherwise prevail in the open market. The imposition of a penalty bid may also affect the price of the common stock to the extent that it discourages resales of the common stock. The magnitude or effect of any stabilization or other transactions is uncertain. These transactions may be effected on the Nasdaq Capital Market or otherwise and, if commenced, may be discontinued at any time.

In connection with the offering, the underwriters and selling group members may also engage in passive market making transactions in our common stock. Passive market making consists of displaying bids on the Nasdaq Capital Market limited by the prices of independent market makers and effecting purchases limited by those prices in response to order flow. Rule 103 of Regulation M promulgated by the SEC limits the amount of net purchases that each passive market maker may make and the displayed size of each bid. Passive market making may stabilize the market price of the common shares at a level above that which might otherwise prevail in the open market and, if commenced, may be discontinued at any time.

We are subject to the applicable provisions of the Exchange Act and the rules and regulations under the Exchange Act, including Regulation M. This regulation may limit the timing of purchases and sales of any of the shares of common stock offered in this prospectus by any person. The anti-manipulation rules under the Exchange Act may apply to sales of shares in the market and to our activities.

The anticipated date of delivery of the securities offered by this prospectus will be described in the applicable prospectus supplement relating to the offering.

Any broker-dealer participating in the distribution of the shares of common stock may be deemed to be an "underwriter" within the meaning of the Securities Act with respect to any securities such entity sells pursuant to this prospectus.

To comply with the securities laws of some states, if applicable, the securities may be sold in these jurisdictions only through registered or licensed brokers or dealers. In addition, in some states the securities may not be sold unless they have been registered or qualified for sale or an exemption from registration or qualification requirements is available and is complied with.

The validity of the issuance of the securities offered hereby will be passed upon for us by Mitchell Silberberg & Knupp LLP, New York, New York. Additional legal matters may be passed on for us, or any underwriters, dealers or agents, by counsel we will name in the applicable prospectus supplement.

On June 14, 2024, we entered into an amendment to the Equity Distribution Agreement that we entered into with Maxim Group LLC (“Maxim”) on July 22, 2022, as previously amended on June 13, 2023, December 29, 2023, May 28, 2024, May 31, 2024 and June 10, 2024, which we collectively refer to as the Equity Distribution Agreement, pursuant to which we increased the maximum aggregate offering amount from approximately \$48,800,000 to approximately \$83,800,000. In accordance with the terms of the Equity Distribution Agreement, under this prospectus we may offer and sell shares of our common stock having an aggregate offering price of up to approximately \$83,800,000 from time to time through Maxim, acting as agent. CAUTIONARY NOTE CONCERNING FORWARD-LOOKING STATEMENTS

This prospectus and the documents incorporated herein by reference in this prospectus contain forward-looking statements that involve risks and uncertainties. You should not place undue reliance on these forward-looking statements. Our actual results could differ materially from those anticipated in the forward-looking statements. In some cases, you can identify these forward-looking statements by terms such as “anticipate,” “believe,” “continue,” “could,” “depends,” “estimates,” “expects,” “intends,” “may,” “ongoing,” “plan,” “potential,” “predict,” “project,” “should,” “will,” “would” or the negative of those terms or other similar expressions, although not all forward-looking statements contain those words.

We have based these forward looking statements largely on our current expectations and projections about future events and financial trends that we believe may affect our financial condition, results of operations, business strategy and financial needs. These forward looking statements are subject to a number of known and unknown risks, uncertainties and assumptions, including risks described in the section titled “Risk Factors” and elsewhere in this prospectus and other periodic reports incorporated herein by reference, regarding, among other things:

- our limited cash and our history of losses;
- our ability to achieve profitability;

- the ability to meet the development and commercialization schedule with respect to the TriFan 600;
- our ability to secure required certifications for the TriFan 600 and/or any other aircraft we develop;
- our ability to navigate the regulatory environment and complexities with compliance related to such environment;
- the risk that our conditional pre-orders (which include conditional aircraft purchase agreements, non-binding reservations, and options) are canceled, modified, delayed or not placed and that we must return the refundable deposits;
- our ability to obtain adequate financing in the future as needed;

- our ability to attract customers and/or fulfill customer orders;
- our ability to enhance and maintain the reputation of our brand and expand our customer base;

- our ability to attract, integrate, manage, and retain qualified personnel or key employees;
- our ability to maintain compliance with the continued listing requirements of the Nasdaq Capital Market;
- the risks relating to long development and sales cycles, our ability to satisfy the conditions and deliver on the orders and reservations, our ability to maintain quality control of our aircraft, and our dependence on third parties for supplying components and potentially manufacturing the aircraft;
- the risk that our ability to sell our aircraft may be limited by circumstances beyond our control, such as a shortage of pilots and mechanics who meet the training standards, high maintenance frequencies and costs for the sold aircraft, and any accidents or incidents involving VTOL aircraft that may harm customer confidence;
- general economic conditions and events and the impact they may have on us and our potential customers, including, but not limited to increases in inflation rates and rates of interest, supply chain challenges, increased costs for materials and labor, cybersecurity attacks, other lingering impacts resulting from COVID-19, and the Russia/Ukraine and Israel/Hamas conflicts;

New risk factors emerge from time to time, and it is not possible for our management to predict all risk factors nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in, or implied by, any forward looking statements. You should read this prospectus and the documents incorporated herein by reference with the understanding that our actual future results, levels of activity, performance and achievements may be materially different from what we expect. Except as required by law, we undertake no obligation to update publicly any forward looking statements for any reason after the date of this prospectus or to conform these statements to actual results or to changes in our expectations.

We qualify all of our forward looking statements by these cautionary statements.

PROSPECTUS SUMMARY

This summary highlights selected information contained elsewhere in this prospectus and in the documents we incorporate by reference. This summary does not contain all of the information you should consider before investing in our common stock. You should read this entire prospectus carefully, especially the risks of investing in our common stock discussed under "Risk Factors" beginning on page S-6 of this prospectus and under similar sections of the other periodic reports incorporated herein by reference, along with the consolidated financial statements of XTI Aerospace and Legacy XTI and notes to those consolidated financial statements, before making an investment decision.

The Company

Following the closing of the XTI Merger, we are primarily an aircraft development company. We also provide real-time location systems ("RTLS") for the industrial sector, which was our focus prior to the closing of the XTI Merger. Headquartered in Englewood, Colorado, XTI Aerospace is developing a vertical takeoff and landing ("VTOL") aircraft that is designed to take off and land like a helicopter and cruise like a fixed-wing business aircraft. We believe our initial configuration, the TriFan 600, will be one of the first civilian fixed-wing VTOL aircraft that offers the speed and comfort of a business aircraft and the range and versatility of VTOL for a wide range of customer applications, including private aviation for business and high net worth individuals, emergency medical services, and commuter and regional air travel. Since 2013, we have been engaged primarily in developing the design and engineering concepts for the TriFan 600, building and testing a two-thirds scale unmanned version of the TriFan 600, generating pre-orders for the TriFan 600, and seeking funds from investors to enable the Company to build full-scale piloted prototypes of the TriFan 600, and to eventually engage in commercial production and sale of TriFan 600 aircraft.

Our RTLS solution leverages cutting-edge technologies such as IoT, AI, and big data analytics to provide real-time tracking and monitoring of assets, machines, and people within industrial environments. With our RTLS, businesses can achieve improved operational efficiency, enhanced safety and reduced costs. By having real-time visibility into operations, industrial organizations can make informed, data-driven decisions, minimize downtime, and ensure compliance with industry regulations.

Our full-stack Industrial IoT solution provides end-to-end visibility and control over a wide range of assets and devices. It is designed to help organizations optimize their operations and gain a competitive edge in today's data-driven world. The turn-key platform integrates a range of technologies, including RTLS, sensor networks, edge computing, and big data analytics, to provide a comprehensive view of an organization's operations. We help organizations track the location and status of assets in real-time, identify inefficiencies, and make decisions that drive business growth. Our IoT stack covers all the technology layers, from the edge devices to the cloud. It includes hardware components such as sensors and gateways, a robust software platforms for data management and analysis, and a user-friendly dashboard for real-time monitoring and control. Our solutions also offer robust security features, to help ensure the protection of sensitive data. Additionally, our RTLS provides scalability and flexibility, allowing organizations to easily integrate it with their existing systems and add new capabilities as their needs evolve.

Corporate Strategy

Commercial Aviation

We intend to continue our development of the TriFan 600 by engaging key supply partners, establishing vendors of key components of the full-scale Test Aircraft #1, commissioning and completing trade studies, and completing the development design review of the TriFan 600. We will need additional capital to complete our development of the series of Test Aircraft and beyond and are pursuing multiple alternatives for such funding.

We will continue to develop an internal and external sales and marketing capability to increase awareness of the aircraft and position the Company to continue taking customer orders and deposits. We believe that increasing awareness of the aircraft and demonstrating customer demand through sales orders will enhance the Company's ability to continue raising capital in the future.

We do not believe we will be able to generate revenues in this commercial aviation segment without successfully completing the certification of the proposed TriFan 600 aircraft. We cannot determine with certainty the timing, duration or the costs necessary to complete the design, development, certification, and manufacturing of our TriFan 600 aircraft due to the inherently unpredictable nature of our research and development activities. Development timelines, the probability of success, and development costs may differ materially from expectations.

Industrial IoT

Since 2019 and post-XTI Merger, our operations have been focused on building and developing our Indoor Intelligence™ platform to be able to offer a comprehensive range of solutions that allow for the collection of data within workplace environments to delivering insights from that data for, people, places and things. We believe we have positioned the Industrial IoT business as a market leader with a comprehensive suite of products and solutions allowing us to help organizations enhance the visitor and employee experience with actionable indoor intelligence making them smarter, safer and more secure. We operate and compete in an industry that is characterized by rapid technological innovation, changing customer needs, evolving industry standards and frequent introductions of new products, product enhancements, services and distribution methods. Our success will depend on our ability to develop expertise with these new products, product enhancements, services and distribution methods and to implement solutions that anticipate and respond to rapid changes in technology, the industry, and customer needs.

RISK FACTORS

Before you make a decision to invest in our securities, you should consider carefully the risks described below, together with other information in this prospectus and the information incorporated by reference herein, including any risk factors contained in our annual and other reports filed with the SEC. If any of the following events actually occur, our business, operating results, prospects or financial condition could be materially and adversely affected. This could cause the trading price of our common stock to decline and you may lose all or part of your investment. The risks described below are not the only ones that we face. Additional risks not presently known to us or that we currently deem immaterial may also significantly impair our business operations and could result in a complete loss of your investment.

Risks Related to this Offering and to our Common Stock

Since we have broad discretion in how we use the proceeds from this offering, we may use the proceeds in ways with which you disagree.

We have not allocated specific amounts of the net proceeds from this offering for any specific purpose. Accordingly, our management will have flexibility in applying the net proceeds of this offering. You will be relying on the judgment of our management with regard to the use of these net proceeds, and you will not have the opportunity, as part of your investment decision, to assess whether the proceeds are being used appropriately. It is possible that the net proceeds will be invested in a way that does not yield a favorable, or any, return for us. The failure of our management to use such funds effectively could have a material adverse effect on our business, financial condition, operating results and cash flow.

Sales of a significant number of shares of our common stock in the public markets, or the perception that such sales could occur, could depress the market price of our common stock.

Sales of a substantial number of shares of our common stock in the public markets could depress the market price of our common stock and impair our ability to raise capital through the sale of additional equity securities. We cannot predict the effect that future sales of our common stock would have on the market price of our common stock.

The common stock offered hereby will be sold in “at the market” offerings, and investors who buy shares at different times will likely pay different prices.

Investors who purchase shares in this offering at different times will likely pay different prices, and so may experience different outcomes in their investment results. We will have discretion, subject to market demand, to vary the timing, prices, and numbers of shares sold, and there is no minimum or maximum sales price. Investors may experience a decline in the value of their shares as a result of share sales made at prices lower than the prices they paid.

The actual number of shares we will issue under the Equity Distribution Agreement, at any one time or in total, is uncertain.

Subject to certain limitations in the Equity Distribution Agreement and compliance with applicable law, we have the discretion to deliver a sales notice to Maxim at any time throughout the term of the Equity Distribution Agreement. The number of shares that are sold by Maxim after delivering a sales notice will fluctuate based on the market price of our common stock during the sales period and limits we set with Maxim. Because the price per share of each share sold will fluctuate based on the market price of our common stock during the sales period, it is not possible at this stage to predict the number of shares that will be ultimately issued.

Our failure to maintain compliance with the continued listing requirements of the Nasdaq Capital Market may result in our common stock being delisted from the Nasdaq Capital Market, which could negatively impact the price of our common stock, liquidity and our ability to access the capital markets.

Our common stock is currently listed on the Nasdaq Capital Market (“Nasdaq”) under the symbol “XTIA.” The listing standards of Nasdaq provide that a company, in order to qualify for continued listing, must maintain a minimum stock price of \$1.00 and satisfy standards relative to minimum stockholders’ equity, minimum market value of publicly held shares and various additional requirements. If Nasdaq delists our securities from trading on its exchange for failure to meet the listing standards, we and our stockholders could face significant negative consequences including:

- limited availability of market quotations for our securities;
- a determination that the common stock is a “penny stock” which would require brokers trading in the common stock to adhere to more stringent rules, possibly resulting in a reduced level of trading activity in the secondary trading market for shares of common stock;
- a limited amount of analyst coverage, if any; and
- a decreased ability to issue additional securities or obtain additional financing in the future.

Delisting from Nasdaq could also result in other negative consequences, including the potential loss of confidence by suppliers, customers and employees, the loss of institutional investor interest and fewer business development opportunities.

In several instances in the past, including as recently as on April 14, 2023, we received written notification from Nasdaq informing us that because the closing bid price of our common stock was below \$1.00 for 30 consecutive trading days, our shares no longer complied with the minimum closing bid price requirement for continued listing on Nasdaq under the Nasdaq Listing Rules. Each time, we were given a period of 180 days from the date of the notification to regain compliance with Nasdaq’s listing requirements by having the closing bid price of our common stock listed on Nasdaq be at least \$1.00 for at least 10 consecutive trading days.

In order to cure the most recent bid price deficiency and satisfy the bid price requirements applicable for initial listing applications in connection with the closing of the XTI Merger, we effected a 1-for-100 reverse split of our outstanding shares of common stock, effective as of 4:01 p.m., Eastern Time, on March 12, 2024. On March 26, 2024, we were informed by Nasdaq that we had regained compliance with the minimum bid price requirement and that we were back in compliance with the applicable Nasdaq continued listing criteria.

In addition, on April 4, 2024, we received a notification letter from Nasdaq informing us that as a result of Leonard Oppenheim’s resignation from the Board and the Audit Committee on March 31, 2024, we no longer complied with Nasdaq’s independent director and audit committee requirements as set forth in Nasdaq Listing Rules 5605(b)(1) and 5605(c)(2), and we were given a cure period in order to regain compliance in accordance with Nasdaq Listing Rules 5605(b)(1)(A) and 5605(c)(4). On May 15, 2024, we received a letter from Nasdaq informing us that, as a result of Tensie Axton’s appointment to the Board and the Audit Committee on May 13, 2024, we have regained compliance with Nasdaq’s independent director and audit committee requirements. Notwithstanding our current compliance with the continued listing requirements of Nasdaq, we can give no assurance that we will be able to satisfy the continued listing requirements of Nasdaq in the future, including, but not limited to, the corporate governance requirements and the minimum closing bid price requirement.

If our shares of common stock lose their status on Nasdaq, we believe that they would likely be eligible to be quoted on the inter-dealer electronic quotation and trading system operated by OTC Markets Group Inc., commonly referred to as the Pink Open Market and we may also qualify to be traded on their OTCQB market (The Venture Market). These markets are generally not considered to be as efficient as, and not as broad as, Nasdaq. Selling our shares on these markets could be more difficult because smaller quantities of shares would likely be bought and sold, and transactions could be delayed. In addition, in the event our shares are delisted, broker-dealers have certain regulatory burdens imposed upon them, which may discourage broker-dealers from effecting transactions in our common stock or even holding our common stock, further limiting the liquidity of our common stock. These factors could result in lower prices and larger spreads in the bid and ask prices for our common stock.

Our stockholders may experience substantial dilution in the value of their investment if we issue additional shares of our capital stock.

Our articles of incorporation allows us to issue up to 500,000,000 shares of our common stock, par value \$0.001 per share, and to issue and designate the rights of, without stockholder approval, up to 5,000,000 shares of preferred stock, par value \$0.001 per share. To raise additional capital, we may in the future sell additional shares of our common stock or other securities convertible into or exchangeable for our common stock at prices that are lower than the prices paid by existing stockholders, and investors purchasing shares or other securities in the future could have rights superior to existing stockholders, which could result in substantial dilution to the interests of existing stockholders. In addition, to the extent that outstanding stock options or warrants have been or may be exercised or preferred stock or convertible notes converted or other shares issued, you may experience further dilution.

We may issue debt and equity securities or securities convertible into equity securities, any of which may be senior to our common stock as to distributions and in liquidation, which could negatively affect the value of our common stock.

In the future, we may attempt to increase our capital resources by entering into debt or debt-like financing that is unsecured or secured by up to all of our assets, or by issuing additional debt or equity securities, which could include issuances of secured or unsecured commercial paper, medium-term notes, senior notes, subordinated notes, guarantees, preferred stock, hybrid securities, or securities convertible into or exchangeable for equity securities. In the event of our liquidation, our lenders and holders of our debt and preferred securities would receive distributions of our available assets before distributions to the holders of our common stock. Because our decision to incur debt and issue securities in future offerings may be influenced by market conditions and other factors beyond our control, we cannot predict or estimate the amount, timing or nature of our future offerings or debt financings. Further, market conditions could require us to accept less favorable terms for the issuance of our securities in the future.

If our common stock is delisted, market liquidity for our common stock could be severely affected and our stockholders' ability to sell their shares of our common stock could be limited. A delisting of our common stock from Nasdaq would negatively affect the value of our common stock. A delisting of our common stock could also adversely affect our ability to obtain financing for our operations and could result in the loss of confidence in our company.

If our common stock becomes subject to the penny stock rules, it would become more difficult to trade our shares.

The SEC has adopted rules that regulate broker-dealer practices in connection with transactions in penny stocks. Penny stocks are generally equity securities with a price of less than \$5.00, other than securities registered on certain national securities exchanges or authorized for quotation on certain automated quotation systems, provided that current price and volume information with respect to transactions in such securities is provided by the exchange or system. If we do not retain a listing on the Nasdaq Capital Market, and if the price of our common stock is less than \$5.00, our common stock will be deemed a penny stock. The penny stock rules require a broker-dealer, before a transaction in a penny stock not otherwise exempt from those rules, to deliver a standardized risk disclosure document containing specified information. In addition, the penny stock rules require that before effecting any transaction in a penny stock not otherwise exempt from those rules, a broker-dealer must make a special written determination that the penny stock is a suitable investment for the purchaser and receive (i) the purchaser's written acknowledgment of the receipt of a risk disclosure statement; (ii) a written agreement to transactions involving penny stocks; and (iii) a signed and dated copy of a written suitability statement. These disclosure requirements may have the effect of reducing the trading activity in the secondary market for our common stock, and therefore stockholders may have difficulty selling their shares.

Risks Related to Our Operations

The pre-orders we have received for our aircraft are non-binding, conditional or written expressions of interest and may be terminated at any time prior to execution of a definitive purchase agreement. If these pre-orders are cancelled, modified, delayed or not placed in accordance with the terms agreed with each party, our business, results of operations, liquidity and cash flow will be materially adversely affected.

We have a pre-sales program which includes refundable deposits for TriFan 600 aircraft. Most pre-orders do not include deposits. The deposits we have received do not create an obligation on the part of the customer to purchase an aircraft, and a customer may request the full return of its refundable deposit. Most pre-orders are subject to the execution of a definitive purchase agreement between us and each party that contains the final terms for the purchase of our aircraft, including, but not limited to, the final number of aircraft to be purchased and the timing for delivery of the aircraft. Some or most customers might not transition to non-refundable purchase contracts until prior to aircraft delivery, if at all. Aircraft customers might respond to weak economic conditions or competitive alternatives in the market by canceling orders, resulting in lower demand for our aircraft and other materials, such as parts, services, and training, from which we expect to generate additional revenue. Customers' request for a return of their refundable deposits could have a material adverse effect on our financial results and/or liquidity, including, but not limited to, the possibility that we may be financially unable to return such deposits.

Our ability to successfully execute our business plan will require additional debt or equity financing, which may otherwise not be available on reasonable terms or at all.

Based on our current business plan, we will need additional capital to support our operations, which may be satisfied with additional debt or equity financings. To the extent that we raise additional capital by issuing equity securities, such an issuance may cause significant dilution to our stockholders' ownership and the terms of any new equity securities may have preferences over our common stock. Any debt financing that we enter into may involve covenants that restrict our operations. These restrictive covenants may include limitations on additional borrowing and specific restrictions on the use of our assets, as well as prohibitions on our ability to create liens, pay dividends, redeem its stock or make investments. For example, our Series 9 Preferred Stock contains a number of restrictive covenants, as described under “– The terms of the Series 9 Preferred Stock impose additional challenges on our ability to raise capital.” These restrictive covenants could deter or prevent us from raising additional capital as and when needed. In addition, if we raise additional funds through licensing, partnering or other strategic arrangements, it may be necessary to relinquish rights to some of our technologies and proprietary rights, or grant licenses on terms that are not favorable to us. We may also issue incentive awards under our equity incentive plans, which may have additional dilutive effects. We may also be required to recognize non-cash expenses in connection with certain securities we may issue in the future such as convertible notes and warrants, which would adversely impact our financial condition and results of operations.

Our ability to obtain needed financing may be impaired by factors, including the condition of the economy and capital markets, both generally and specifically in our industry, and the fact that we are not profitable, which could affect the availability or cost of future financing. If the amount of capital we are able to raise from financing activities, together with our revenues from operations, is not sufficient to satisfy our capital needs, we may need to reduce our operations by, for example, selling certain assets or business segments.

The terms of the Series 9 Preferred Stock impose additional challenges on our ability to raise capital.

The terms of our Series 9 Preferred Stock contain a number of restrictive covenants that may impose significant operating and financial restrictions on us while the Series 9 Preferred Stock remains outstanding, unless the restrictions are waived by the consent of at least a majority of the outstanding Series 9 Preferred Stock. These restrictions include, but are not limited to, restrictions on our ability to (i) issue or sell any equity securities which result in net proceeds to the Company in excess of an aggregate of \$10,000,000, (ii) issue, incur or guaranty any debt (excluding any intercompany debt) or issue any debt or equity securities in any variable rate transaction (which does not include the issuance of shares of common stock in an at-the-market offering, subject to the limitations set forth in the Series 9 Preferred Stock Certificate of Designation), and (iii) create, authorize, or issue, or enter into any agreement to create, authorize, or issue, any class of preferred stock (including additional issuances of Series 9 Preferred Stock).

Sales of shares of our common stock, if any, in this offering are subject to limitations set forth in a written consent (the “Consent”) the Company obtained from at least a majority of the outstanding shares of the Company's Series 9 Preferred Stock (the “Required Holders”) on June 14, 2024. As of June 14, 2024, we have sold 10,003,959 shares of our common stock with an aggregate offering price of approximately \$36,400,000, leaving an aggregate offering price of up to approximately \$47,400,000 (the “Maximum Amount”) remaining under the Equity Distribution Agreement, provided that, pursuant to the terms of the Consent, the Company may sell only up to \$6 million in shares of common stock (the “Initial Tranche”) under the Equity Distribution Agreement without further consent from at least a majority of the outstanding shares of the Company's Series 9 Preferred Stock (the “Required Holders”) and the Company is required to obtain the consent of the Required Holders for each tranche of additional \$5 million in sales of common stock under the Equity Distribution Agreement after the Initial Tranche up to the Maximum Amount.

A breach of the restrictive covenants under the Series 9 Preferred Stock Certificate of Designation could result in an event of default under the Series 9 Preferred Stock Certificate of Designation which may require redemption of the Series 9 Preferred Stock. As a result of these restrictions, we may be limited in how we conduct our business, unable to finance our operations through additional debt or equity financings and/or unable to compete effectively or to take advantage of new business opportunities.

USE OF PROCEEDS

We may offer and sell shares of our common stock having aggregate sales proceeds of up to \$47,400,000 from time to time. The amount of proceeds we receive, if any, will depend on the actual number of shares of our common stock sold and the market price at which such shares are sold. There can be no assurance that we will be able to sell any shares or fully utilize the Equity Distribution Agreement with Maxim as a source of financing. Because there is no minimum offering amount required as a condition to close this offering, the net proceeds to us, if any, are not determinable at this time.

We currently intend to use the net proceeds from this offering, if any, primarily for working capital and general corporate purposes. We may also use a portion of the net proceeds to invest in or acquire businesses or technologies that we believe are complementary to our own, although we have no current plans, commitments or agreements with respect to any acquisitions as of the date of this prospectus.

We have broad discretion in determining how the proceeds of this offering will be used, and our discretion is not limited by the aforementioned possible uses. Our board of directors believes the flexibility in application of the net proceeds is prudent. See the section entitled “Risk Factors—Risks Related to this Offering and to our Common Stock—Since we have broad discretion in how we use the proceeds from this offering, we may use the proceeds in ways with which you disagree.”

DESCRIPTION OF CAPITAL STOCK

The following description is a summary of some of the terms of certain of our securities, which does not purport to be complete and is subject to, and qualified in its entirety by reference to, our organizational documents and the related transaction documents, as applicable, copies of which have been or will be filed or incorporated by reference herein.

Common Stock

Under our articles of incorporation, as amended, we are authorized to issue up to 500,000,000 shares of common stock, par value \$0.001 per share. As of June 14, 2024, 26,831,422 shares of common stock were issued and outstanding.

The holders of our common stock are entitled to one vote per share. In addition, the holders of our common stock will be entitled to receive pro rata dividends, if any, declared by our board of directors out of legally available funds; however, the current policy of our board of directors is to retain earnings, if any, for operations and growth. Upon liquidation, dissolution or winding-up, the holders of our common stock are entitled to share ratably in all assets that are legally available for distribution. The holders of our common stock have no preemptive, subscription, redemption or conversion rights. The rights, preferences and privileges of holders of our common stock are subject to, and may be adversely affected by, the rights of the holders of any series of preferred stock, which may be designated solely by action of our board of directors and issued in the future.

In the event of our liquidation, dissolution or winding up, the holders of our common stock are entitled to receive pro rata our assets which are legally available for distribution, after payments of all debts and other liabilities and subject to the prior rights of any holders of preferred stock then outstanding. All of the outstanding shares of our common stock are fully paid and non-assessable.

Preferred Stock

Our articles of incorporation permits us to issue up to 5,000,000 shares of preferred stock in one or more series and with rights and preferences that may be fixed or designated by our board of directors without any further action by our stockholders. Each series of preferred stock will have the number of shares, designations, preferences, voting powers, qualifications and special or relative rights or privileges as shall be determined by our board of directors, which may include, among others, dividend rights, voting rights, liquidation preferences, conversion rights and preemptive rights.

The issuance of our preferred stock could adversely affect the voting power of holders of our common stock and the likelihood that such holders will receive dividend payments and payments upon liquidation. In addition, the issuance of preferred stock could have the effect of delaying, deferring or preventing a change of control or other corporate action.

Series 4 Preferred Stock

Our board of directors designated 10,415 shares of preferred stock as Series 4 Convertible Preferred Stock, \$0.001 par value with a stated value of \$1,000 (the “Series 4 Preferred Stock”). The Series 4 Preferred Stock was originally issued in our public offering of securities consummated on April 24, 2018. As of June 14, 2024, there was 1 share of Series 4 Preferred Stock outstanding convertible into 1 share of common stock.

Our board of directors may, without stockholder approval, issue shares of an additional class or series of preferred stock with voting and conversion rights which could adversely affect the voting power of the holders of the Series 4 Preferred Stock, except as prohibited by the certificate of designation of preferences, rights and limitations of the Series 4 Preferred Stock.

Liquidation. Upon any dissolution, liquidation or winding up, whether voluntary or involuntary, holders of Series 4 Preferred Stock will be entitled to receive distributions out of our assets, whether capital or surplus, of the same amount that a holder of common stock would receive if the Series 4 Preferred Stock were fully converted (disregarding for such purposes any conversion limitations hereunder) to common stock which amounts will be paid pari passu with all holders of common stock.

Dividends. Holders of the Series 4 Preferred Stock will be entitled to receive dividends equal (on an “as converted to common stock” basis) to and in the same form as dividends actually paid on shares of our common stock when, as and if such dividends are paid on shares of our common stock. No other dividends will be paid on shares of Series 4 Preferred Stock.

Conversion. Each share of Series 4 Preferred Stock is convertible, at any time and from time to time at the option of the holder thereof, into that number of shares of common stock determined by dividing the stated value of \$1,000 by the current conversion price equal to \$1,674,000 per share (subject to adjustment described below). This right to convert is limited by the beneficial ownership limitation described below.

Anti-Dilution Protection. The Series 4 Preferred contain an anti-dilution protection feature, to adjust the conversion price if shares of common stock are sold or issued for a consideration per share less than the conversion price then in effect (subject to certain exemptions), provided, that the conversion price will not be less than \$1,674,000.

Beneficial Ownership Limitation. A holder will have no right to convert any portion of Series 4 Preferred Stock, to the extent that, after giving effect to such conversion, such holder, together with such holder’s affiliates, and any persons acting as a group together with such holder or any such affiliate, would beneficially own in excess of 4.99% (or, upon election of a purchaser prior to the issuance of any shares, 9.99%) of the number of shares of common stock outstanding immediately after giving effect to the issuance of shares of common stock upon such conversion (subject to the right of the holder to increase such beneficial ownership limitation upon notice to us, provided that any increase in beneficial ownership limitation will not be effective until 61 days following notice to us and provided that such limitation can never exceed 9.99% and such 61 day period cannot be waived). Beneficial ownership of the holder and its affiliates will be determined in accordance with Section 13(d) of the Exchange Act, and the rules and regulations promulgated thereunder. Holders of Series 4 Preferred Stock who are subject to such beneficial ownership limitation are and will remain responsible for ensuring their own compliance with Regulation 13D-G promulgated under the Exchange Act, consistent with their individual facts and circumstances. In addition, pursuant to Rule 13d-3(d)(1)(i) promulgated under the Exchange Act, any person who acquires Series 4 Preferred Stock with the purpose or effect of changing or influencing the control of our company, or in connection with or as a participant in any transaction having such purpose or effect, immediately upon such acquisition will be deemed to be the beneficial owner of the underlying common stock.

Series 5 Preferred Stock

Our board of directors designated 12,000 shares of preferred stock as Series 5 Convertible Preferred Stock, \$0.001 par value with a stated value of \$1,000 (the “Series 5 Preferred Stock”). The Series 5 Preferred Stock was originally issued in our rights offering consummated on January 15, 2019. As of June 14, 2024, there were 126 shares of Series 5 Preferred Stock outstanding convertible into 1 share of common stock. Our board of directors may, without stockholder approval, issue shares of an additional class or series of preferred stock with voting and conversion rights which could adversely affect the voting power of the holders of the Series 5 Preferred Stock, except as prohibited by the certificate of designation of preferences, rights and limitations of the Series 5 Preferred Stock.

Conversion. Each share of Series 5 Preferred Stock will be convertible at the option of the holder at any time, into the number of shares of our common stock determined by dividing the \$1,000 stated value per share of the Series 5 Preferred Stock by a conversion price of \$1,123,875 per share. In addition, the conversion price per share is subject to adjustment for stock dividends, distributions, subdivisions, combinations or reclassifications. Subject to limited exceptions, a holder of the Series 5 Preferred Stock will not have the right to convert any portion of the Series 5 Preferred Stock to the extent that, after giving effect to the conversion, the holder, together with its affiliates, would beneficially own in excess of 4.99% (subject to adjustment to up to 9.99% solely at the holder’s discretion upon 61 days’ prior notice to us) of the number of shares of our common stock outstanding immediately after giving effect to its conversion.

Fundamental Transactions. In the event we effect certain mergers, consolidations, sales of substantially all of our assets, tender or exchange offers, reclassifications or share exchanges in which our common stock is effectively converted into or exchanged for other securities, cash or property, we consummate a business combination in which another person acquires 50% of the outstanding shares of our common stock, or any person or group becomes the beneficial owner of 50% of the aggregate ordinary voting power represented by our issued and outstanding common stock, then, upon any subsequent conversion of the Series 5 Preferred Stock, the holders of the Series 5 Preferred Stock will have the right to receive any shares of the acquiring corporation or other consideration it would have been entitled to receive if it had been a holder of the number of shares of common stock then issuable upon conversion in full of the Series 5 Preferred Stock.

Dividends. Holders of Series 5 Preferred Stock will be entitled to receive dividends (on an as-if-converted-to-common-stock basis) in the same form as dividends actually paid on shares of the common stock when, as and if such dividends are paid on shares of common stock.

Voting Rights. Except as otherwise provided in the certificate of designation or as otherwise required by law, the Series 5 Preferred Stock has no voting rights.

Liquidation Preference. Upon our liquidation, dissolution or winding-up, whether voluntary or involuntary, holders of Series 5 Preferred Stock will be entitled to receive out of our assets, whether capital or surplus, the same amount that a holder of common stock would receive if the Series 5 Preferred Stock were fully converted (disregarding for such purpose any conversion limitations under the certificate of designation) to common stock, which amounts will be paid pari passu with all holders of common stock.

Redemption Rights. We are not obligated to redeem or repurchase any shares of Series 5 Preferred Stock. Shares of Series 5 Preferred Stock are not otherwise entitled to any redemption rights, or mandatory sinking fund or analogous provisions.

Series 9 Preferred Stock

On March 12, 2024, the Company filed the Certificate of Designations of Preferences and Rights of Series 9 Preferred Stock (as amended, the “Certificate of Designation”), with the Secretary of State of Nevada, designating 20,000 shares of preferred stock, par value \$0.001 of the Company, as Series 9 Preferred Stock, which was amended by the Certificate of Amendment to Designations of Preferences and Rights of Series 9 Preferred Stock filed by the Company with the Secretary of State of Nevada on April 30, 2024. Each share of Series 9 Preferred Stock has a stated face value of \$1,050.00 (“Stated Value”). The Series 9 Preferred Stock is not convertible into shares of common stock of the Company. As of June 14, 2024, there were 7,752 shares of Series 9 Preferred Stock outstanding.

Each share of Series 9 Preferred Stock will accrue a rate of return on the Stated Value in the amount of 10% per year, compounded annually to the extent not paid, and pro rata for any fractional year periods (the “Preferred Return”). The Preferred Return will accrue on each share of Series 9 Preferred Stock from the date of issuance and will be payable on a quarterly basis, either in cash or through the issuance of an additional number of shares of Series 9 Preferred Stock equal to (i) the Preferred Return then accrued and unpaid, divided by (ii) the Stated Value, at the Company’s discretion.

Commencing on the one-year anniversary of the respective issuance date of each share of Series 9 Preferred Stock, each such share of Series 9 Preferred Stock will accrue an automatic quarterly dividend, based on three quarters of 91 days each and the last quarter of 92 days (or 93 days for leap years), which will be calculated on the Stated Value of such share of Series 9 Preferred Stock, and which will be payable in additional shares of Series 9 Preferred Stock, based on the Stated Value, or in cash as set forth in the Certificate of Designation (each, as applicable, the “Quarterly Dividend”). For the period beginning on the one-year anniversary of the issuance date of a share of Series 9 Preferred Stock to the two-year anniversary of the issuance date of each share of Series 9 Preferred Stock, the Quarterly Dividend will be 2% per quarter in respect of such share, and for all periods following the two-year anniversary of the issuance date of each share of Series 9 Preferred Stock, the Quarterly Dividend will be 3% per quarter in respect of such share.

If at any time while any share of Series 9 Preferred Stock is outstanding, the Company undergoes or enters into a Fundamental Transaction (as defined in the Certificate of Designation), the Company will cause any successor entity in any such Fundamental Transaction in which the Company is not the surviving company, to assume in writing all of the obligations of the Company under the Certificate of Designation. Subject to the terms and conditions in the Certificate of Designation, the Company may, at any time, elect to redeem all, but not less than all, of the shares of Series 9 Preferred Stock issued and outstanding from all of the Series 9 Preferred Stock holders by paying an amount in cash (or, if accepted by the Series 9 Preferred Stock holder, securities or other property of the Company) equal to the Series 9 Preferred Liquidation Amount (as defined in the Certificate of Designation) applicable to such shares of Series 9 Preferred Stock being redeemed. The Series 9 Preferred Liquidation Amount per share is determined as the Stated Value per share plus any accrued but unpaid Preferred Return, and any accrued and unpaid Quarterly Dividend at that time.

The Series 9 Preferred Stock confers no voting rights on its holders, except with respect to matters that materially and adversely affect the rights or preferences of the Series 9 Preferred Stock or such matters specified in the Certificate of Designation that require the consent of holders of at least a majority of the outstanding shares of Series 9 Preferred Stock.

The Certificate of Designation contains certain obligations of the Company, such that until such time as no shares of Series 9 Preferred Stock remain outstanding, the Company and its subsidiaries are required to comply with certain covenants with respect to Fundamental Transactions, the Company’s status as a publicly-traded company and an SEC reporting company, and other matters set forth in the Certificate of Designation, unless otherwise consented to by holders of at least a majority of the outstanding Series 9 Preferred Stock.

Outstanding Warrants

As of June 14, 2024, there were warrants outstanding to purchase up to a total of 289,215 shares of our common stock, which expire between 2024 and 2029. Each of these warrants entitles the holder to purchase one share of common stock at current prices ranging from \$0.12 to \$93,656.25 per share.

October 2022 Warrants

On October 18, 2022, we entered into a securities purchase agreement with an institutional investor named therein, pursuant to which, among other things, we issued warrants to purchase up to 38,462 shares of our common stock (the “October 2022 Warrants”), all of which are outstanding as of June 14, 2024. The October 2022 Warrants have an exercise price of \$585.00 per share. Each October 2022 Warrant is exercisable for one share of common stock and expires five years from the issuance date. The exercise price and number of shares of common stock issuable upon exercise are subject to appropriate adjustment in the event of stock dividends, stock splits, reorganizations or similar events affecting our common stock.

Exercisability. The October 2022 Warrants are exercisable, at the option of each holder, in whole or in part, by delivering to us a duly executed exercise notice accompanied by payment in full for the number of shares of our common stock purchased upon such exercise (except in the case of a cashless exercise as discussed below). A holder (together with its affiliates) may not exercise any portion of such holder’s October 2022 Warrants to the extent that the holder would own more than 4.99% of our outstanding common stock immediately after exercise, except that upon notice from the holder to us, the holder may decrease or increase the limitation of ownership of outstanding stock after exercising the holder’s October 2022 Warrants up to 9.99% of the number of shares of our common stock outstanding immediately after giving effect to the exercise, as such percentage ownership is determined in accordance with the terms of the October 2022 Warrants, provided that any increase in such limitation will not be effective until 61 days following notice to us.

Cashless Exercise. If, at the time a holder exercises its October 2022 Warrants, a registration statement registering the issuance of the shares of common stock underlying the October 2022 Warrants under the Securities Act is not then effective or available for the issuance of such shares, then in lieu of making the cash payment otherwise contemplated to be made to us upon such exercise in payment of the aggregate exercise price, the holder may elect instead to receive upon such exercise (either in whole or in part) the net number of shares of common stock determined according to a formula set forth in the October 2022 Warrants.

Transferability. An October 2022 Warrant may be transferred at the option of the holder upon surrender of the October 2022 Warrant to us together with the appropriate instruments of transfer.

Fractional Shares. No fractional shares of common stock will be issued upon the exercise of the October 2022 Warrants. Rather, the number of shares of common stock to be issued will, at our election, either be rounded up to the nearest whole number or we will pay a cash adjustment in respect of such final fraction in an amount equal to such fraction multiplied by the exercise price.

Trading Market. There is no established trading market for any of the October 2022 Warrants, and we do not expect a market to develop. We have not applied for a listing for any of the October 2022 Warrants on any securities exchange or other nationally recognized trading system. Without an active trading market, the liquidity of the October 2022 Warrants is limited.

Rights as a Stockholder. Except as otherwise provided in the October 2022 Warrants or by virtue of the holders’ ownership of shares of our common stock, the holders of October 2022 Warrants do not have the rights or privileges of holders of our common stock, including any voting rights, until such October 2022 Warrant holders exercise their October 2022 Warrants.

Fundamental Transaction. In the event of a fundamental transaction, as described in the October 2022 Warrants and generally including any reorganization, recapitalization or reclassification of our common stock, the sale, transfer or other disposition of all or substantially all of our properties or assets, our consolidation or merger with or into another person whereby the stockholders of the Company immediately prior to such merger or consolidation do not own, directly or indirectly, at least 50% of the voting power of the surviving entity immediately after such merger or consolidation, the acquisition of more than 50% of our outstanding common stock, or any person or group becoming the beneficial owner of 50% of the voting power represented by our outstanding common stock, the holders of the October 2022 Warrants will be entitled to receive upon exercise of the October 2022 Warrants prior to the occurrence of the fundamental transaction, the kind and amount of securities, cash or other property receivable by a holder of the corresponding amount of shares of common stock for which the warrant is being exercised immediately prior to such fundamental transaction.

Waivers and Amendments. No term of the October 2022 Warrants may be amended or waived without the written consent of the holders of a majority of the then outstanding October 2022 Warrants (based on the number of warrant shares then underlying such October 2022 Warrants), provided that if any amendment, modification or waiver disproportionately and adversely impacts a holder (or group of holders), the consent of such disproportionately impacted holder (or group of holders) will also be required.

August 2019 Series A Warrants

In connection with an underwriting agreement dated August 12, 2019, we issued Series A warrants to purchase shares of common stock. As of June 14, 2024, there were outstanding Series A warrants to purchase up to 15 shares of common stock at an exercise price of \$93,656.25 per share.

Exercisability. The Series A warrants are exercisable at any time after their original issuance and expire on the fifth anniversary of the original issuance date. The Series A warrants are exercisable, at the option of each holder, in whole or in part, by delivering to us a duly executed exercise notice and, at any time a registration statement registering the issuance of the shares of common stock underlying the Series A warrants under the Securities Act is effective and available for the issuance of such shares, or an exemption from registration under the Securities Act is available for the issuance of such shares, by payment in full in immediately available funds for the number of shares of common stock purchased upon such exercise. A holder will not have the right to exercise any portion of the Series A warrant if the holder (together with its affiliates) would beneficially own in excess of 4.99% (or, upon election of the holder, up to 9.99%) of the number of shares of our common stock outstanding immediately after giving effect to the exercise, as such percentage ownership is determined in accordance with the terms of the Series A warrants. However, any holder may increase or decrease such percentage, provided that any increase will not be effective until the 61st day after such election.

Exercise Price. The exercise price is subject to appropriate adjustment in the event of certain stock dividends and distributions, stock splits, stock combinations, reclassifications or similar events affecting our common stock and also upon any distributions of assets, including cash, stock or other property to our stockholders.

Cashless Exercise. If, at the time a holder exercises its Series A warrants, a registration statement registering the issuance of the shares of common stock underlying the Series A warrants under the Securities Act is not then effective or available, then in lieu of making the cash payment otherwise contemplated to be made to us upon such exercise in payment of the aggregate exercise price, the holder may elect instead to receive upon such exercise (either in whole or in part) the net number of shares of common stock determined according to a formula set forth in the Series A warrants. In addition, the Series A warrants also provide that, beginning on the earlier of the date that is 30 days after the public announcement of the pricing of these warrants' offering or the date on which a total of more than 60,000,000 shares of our common stock (subject to adjustment for stock dividends, distributions, subdivisions, combinations or reclassifications) have traded since the public announcement of the pricing of such offering, the Series A warrants may be exercised at the option of the holder on a cashless basis, in whole or in part for all of the shares that would be received upon cash exercise, if on the date of exercise, the volume weighted average price of our common stock is lower than three times the then applicable exercise price per share.

Transferability. Subject to applicable laws, the Series A warrants may be offered for sale, sold, transferred or assigned without our consent.

Fractional Shares. No fractional shares of common stock will be issued in connection with the exercise of a Series A warrant. In lieu of fractional shares, we will pay the holder, at our election, either an amount of cash equal to the fractional amount multiplied by the exercise price or round up to the next whole share.

Exchange Listing. There is no established trading market for the Series A warrants and we do not expect a market to develop. We have not applied for the listing of the Series A warrants on any national securities exchange or other trading market. Without an active trading market, the liquidity of the Series A warrants is limited.

Fundamental Transactions. If we effect a fundamental transaction, then upon any subsequent exercise of the Series A warrants, the holder thereof will have the right to receive, for each share of common stock that would have been issuable upon such exercise immediately prior to the occurrence of such fundamental transaction, the number of shares of the successor's or acquiring corporation's common stock or of our common stock, if we are the surviving corporation, and any additional consideration receivable as a result of such fundamental transaction by a holder of the number of shares of common stock into which the Series A warrants are exercisable immediately prior to such fundamental transaction. A fundamental transaction means: (i) the Company, directly or indirectly, in one or more related transactions effects any merger or consolidation of the Company with or into another entity; (ii) the Company, directly or indirectly, effects any sale, lease, license, assignment, transfer, conveyance or other disposition of all or substantially all of its assets in one or a series of related transactions; (iii) any, direct or indirect, purchase offer, tender offer or exchange offer (whether by the Company or another party) is completed pursuant to which holders of common stock are permitted to sell, tender or exchange their shares for other securities, cash or property and has been accepted by the holders of 50% or more of the outstanding common stock; (iv) the Company, directly or indirectly, in one or more related transactions effects any reclassification, reorganization or recapitalization of the common stock or any compulsory share exchange pursuant to which the common stock is effectively converted into or exchanged for other securities, cash or property; or (v) the Company, directly or indirectly, in one or more related transactions consummates a stock or share purchase agreement or other business combination (including, without limitation, a reorganization, recapitalization, spin-off or scheme of arrangement) with another party whereby such other party or group acquires more than 50% of the outstanding shares of common stock (not including any shares of common stock held by the other party making or party to, or associated or affiliated with the other parties making or party to, such stock or share purchase agreement or other business combination). Any successor to us or surviving entity will assume the obligations under the Series A warrants and will, at the option of the holder, deliver to the holder in exchange for the Series A warrant a security of the successor entity which is exercisable for a corresponding number of shares of capital stock of such successor entity equivalent to the shares of common stock acquirable and receivable upon exercise of the Series A warrant prior to such fundamental transaction, and with an exercise price which applies the exercise price under the Series A warrant to such shares of capital stock (but taking into account the relative value of the shares of common stock pursuant to such fundamental transaction and the value of such shares of capital stock, such number of shares of capital stock and such exercise price being for the purpose of protecting the economic value of the Series A warrant immediately prior to the consummation of such fundamental transaction). In addition, as further described in the Series A warrants, in the event of any fundamental transaction, the holders of the Series A warrants will have the right to require us to purchase the Series A warrants for an amount in cash equal to the value of the Series A warrant based on the Black and Scholes Option Pricing Model obtained from the "OV" function on Bloomberg, L.P. ("Bloomberg") determined as of the day of consummation of the applicable fundamental transaction for pricing purposes and reflecting (A) a risk-free interest rate corresponding to the U.S. Treasury rate for a period equal to the time between the date of the public announcement of the applicable fundamental transaction and the termination date, (B) an expected volatility equal to the greater of 100% and the 100 day volatility obtained from the HVT function on Bloomberg as of the trading day immediately following the public announcement of the applicable fundamental transaction (determined utilizing a 365 day annualization factor), (C) the underlying price per share used in such calculation will be the greater of (i) the sum of the price per share being offered in cash, if any, plus the value of any non-cash consideration, if any, being offered in such fundamental transaction and (ii) the highest VWAP (as defined in the Series A warrant) during the period beginning on the trading day immediately preceding the announcement of the applicable fundamental transaction and ending on the trading day immediately preceding the consummation of the applicable fundamental transaction, (D) a remaining option time equal to the time between the date of the public announcement of the applicable fundamental transaction and the termination date and (E) a zero cost of borrow ("Black Scholes Value"), provided, however, if the fundamental transaction is not within our control, including not approved by our board of directors, the holders will only be entitled to receive from the Company or any successor entity, as of the date of consummation of such fundamental transaction, the same type or form of consideration (and in the same proportion), at the Black Scholes Value) of the unexercised portion of the Series A warrant, that is being offered and paid to the holders of common stock of the Company in connection with the fundamental transaction.

Rights as a Stockholder. Except as otherwise provided in the Series A warrants or by virtue of such holder's ownership of shares of our common stock, the holder of a Series A warrant does not have the rights or privileges of a holder of our common stock, including any voting rights, until the holder exercises the Series A warrant.

Waivers and Amendments. No term of the Series A warrants may be amended or waived without the written consent of the holders of at least two-thirds of the then outstanding Series A warrant (based on the number of warrant shares then underlying such Series A warrants), provided that if any amendment, modification or waiver disproportionately and adversely impacts a holder (or group of holders), the consent of such disproportionately impacted holder (or group of holders) will also be required.

Assumed Warrants

The following is a brief summary of the material terms of outstanding warrants originally issued by Legacy XTI and assumed by us in connection with the closing of the XTI Merger on March 12, 2024. The exercise prices of such assumed warrants and the number of shares of our common stock issuable upon exercise thereof reflect the application of the XTI Merger exchange ratio pursuant to the terms of the XTI Merger Agreement.

Legacy XTI 2023 Warrants

In May 2023 and July 2023, Legacy XTI issued investors warrants to purchase shares of Legacy XTI common stock (the “Legacy XTI 2023 Warrants”). Notwithstanding the terms of the XTI Merger Agreement, the board of directors of Legacy XTI determined to adjust the exercise price of Legacy XTI 2023 Warrants held by an employee to \$5.29, effective as of the closing of the XTI Merger, as bonus consideration in exchange for such employee’s services to Legacy XTI in connection with the XTI Merger. As of June 14, 2024, there were outstanding (i) Legacy XTI 2023 Warrants to purchase up to 2,231 shares of our common stock at an exercise price of \$16.81 per share and (ii) Legacy XTI 2023 Warrants to purchase up to 7,764 shares of our common stock at an exercise price of \$5.29 per share.

The Legacy XTI 2023 Warrants were immediately exercisable and expire on the five-year anniversary of the initial exercise date. The exercise price is subject to appropriate adjustment in the event of certain stock dividends and distributions, stock splits, stock combinations, reclassifications or similar events affecting our common stock. In addition, if there is a merger or a consolidation of the Company with or into another entity when the Company is not the surviving entity, or a sale of all or substantially all of the assets of the Company in one or a series of related transactions, then, as part of such merger, consolidation or sale of assets, a holder of a Legacy XTI 2023 Warrant will be entitled to receive upon exercise of such Legacy XTI 2023 Warrant, the number of shares of stock or other securities or property (including cash) of the successor entity resulting from such merger, consolidation or sale, that the holder would have received had such Legacy XTI 2023 Warrant been exercised in full immediately before such merger, consolidation or sale.

The Legacy XTI 2023 Warrants are nontransferable except with our consent.

No fractional shares of common stock will be issued in connection with the exercise of a Legacy XTI 2023 Warrant. In lieu of fractional shares, we will pay the holder an amount in cash equal to the fractional amount multiplied by the exercise price.

The Legacy XTI 2023 Warrants prohibit the holders thereof from selling or otherwise transferring or disposing any Company securities (other than those securities included in the registration) during a period of up to 180 days following the effective date of the registration statement for a Company underwritten public offering or such shorter period to which the Company or any officer, director or shareholder of the Company, is subject under the terms and conditions of such underwritten public offering. The Legacy XTI 2023 Warrants further provide that the holders thereof agree to execute a market standoff agreement with the underwriters of such public offering in customary form consistent with the foregoing provisions.

Mesa Warrant

On February 2, 2022, Legacy XTI entered into a conditional aircraft purchase contract (the “Aircraft Purchase Agreement”) with Mesa Air Group, Inc. and Mesa Airlines, Inc. (“Mesa”) relating to the purchase of 100 TriFan 600 aircraft and in connection therewith, Legacy XTI issued Mesa a warrant to purchase shares of Legacy XTI common stock, which was amended as of April 3, 2022 and March 11, 2024 (as so amended, the “Mesa Warrant”). The Mesa Warrant contains conditional vesting criteria. One-third of the shares represented by the Mesa Warrant vested upon the execution and delivery of the Aircraft Purchase Agreement, one-sixth of the shares vested on March 11, 2024, and one-third of the shares will vest upon the acceptance of delivery and final purchase of the first TriFan 600 aircraft by Mesa pursuant to the Aircraft Purchase Agreement. One-sixth of unvested shares lapsed on March 12, 2024. The Mesa Warrant requires the parties to agree on an initial strategic public and industry announcement within 90 days of March 11, 2024 or such other time as the parties may mutually agree. The Mesa Warrant will expire on the earlier of (i) a liquidation event as defined therein and (ii) 5:00 p.m. Pacific time on February 2, 2029. As of June 14, 2024, there were 189,156 shares of our common stock underlying the Mesa Warrant at an exercise price of \$0.12 per share.

The exercise price is subject to appropriate adjustment in the event of certain stock dividends and distributions, stock splits, stock combinations, reclassifications or similar events affecting our common stock. In addition, if there is a merger or a consolidation of the Company with or into another entity when the Company is not the surviving entity, or a sale of all or substantially all of the assets of the Company in one or a series of related transactions, then, as part of such merger, consolidation or sale of assets, the holder of the Mesa Warrant will be entitled to receive upon exercise of the Mesa Warrant, the number of shares of stock or other securities or property (including cash) of the successor entity resulting from such merger, consolidation or sale, that the holder would have received had the Mesa Warrant been exercised in full immediately before such merger, consolidation or sale.

The holder may exercise the Mesa Warrant through a cashless exercise, in whole or in part, in which the holder would receive upon such exercise the net number of shares of common stock determined according to the formula set forth in the Mesa Warrant. In addition, any portion of the Mesa Warrant that remains exercisable but unexercised will be exercised automatically on a cashless basis to the extent exercisable, upon the expiration date.

The Mesa Warrant is nontransferable except with our consent.

No fractional shares of common stock will be issued in connection with the exercise of the Mesa Warrant. In lieu of fractional shares, we will pay the holder an amount in cash equal to the fractional amount multiplied by the exercise price.

Financing Warrants

From October 2017 to January 2019, Legacy XTI issued investors warrants to purchase shares of Legacy XTI common stock (the “Financing Warrants”) in connection with certain debt financings. As of June 14, 2024, there were outstanding (i) Financing Warrants to purchase up to 10,799 shares of our common stock at an exercise price of \$11.21 per share and (ii) Financing Warrants to purchase up to 9,996 shares of our common stock at an exercise price of \$16.81 per share.

The Financing Warrants were immediately exercisable and expire on the ten-year anniversary of the initial exercise date. The exercise price is subject to appropriate adjustment in the event of certain stock dividends and distributions, stock splits, stock combinations, reclassifications or similar events affecting our common stock. In addition, in case of any reclassification, capital reorganization, or change in the capital stock (including because of a change of control) of the Company (other than as a result of a subdivision, combination, or stock dividend), a holder of a Financing Warrant will have the right at any time before the expiration of such Financing Warrant to purchase, at a total price equal to that payable upon the exercise of the Financing Warrant, the kind and amount of shares of stock and other securities and property receivable in connection with such reclassification, reorganization, or change by a holder of the same number of shares of common stock as were purchasable by the holder immediately before such reclassification, reorganization, or change.

The Financing Warrants may be transferred at the option of the holder upon surrender of such warrants to us together with the appropriate instruments of transfer.

No fractional shares of common stock will be issued in connection with the exercise of a Financing Warrant. In lieu of fractional shares, we will pay the holder an amount in cash equal to the fractional amount multiplied by the exercise price.

Replacement Warrants

In December 2022, Legacy XTI issued warrants to purchase shares of Legacy XTI common stock (the “Replacement Warrants”) to certain transferees of a former service provider to whom Legacy XTI had previously granted a 10-year warrant to purchase shares of Legacy XTI common stock. As of June 14, 2024, there were outstanding Replacement Warrants to purchase up to 30,792 shares of our common stock at an exercise price of \$0.12 per share.

The Replacement Warrants were immediately exercisable upon issuance to the transferees and expire in May 2028. The exercise price is subject to appropriate adjustment in the event of certain stock dividends and distributions, stock splits, stock combinations, reclassifications or similar events affecting our common stock. In addition, if the Company consolidates or merges with or into another person or entity, or sells all or substantially all of its assets or stock or enters into any other similar transaction, liquidation, recapitalization or reorganization (any such action, a “Reorganization”), a holder of a Replacement Warrant will be entitled to receive, upon exercise of such Replacement Warrant, the number of shares of stock or other securities or property to which a holder of the number of shares of common stock that would otherwise have been deliverable upon exercise of such warrant would have been entitled upon such Reorganization if such Replacement Warrant had been exercised in full immediately prior to such Reorganization.

A holder may exercise the Replacement Warrants through a cashless exercise, in whole or in part, in which the holder would receive upon such exercise the net number of shares of common stock determined according to the formula set forth in the Replacement Warrants.

The Replacement Warrants may be transferred at the option of the holder upon surrender of such warrants to us together with the appropriate instruments of transfer.

The holders of the Replacement Warrants have certain information rights. The Replacement Warrants provide that we will, at all reasonable times during our normal business hours and upon reasonable notice, permit any authorized representative designated by a holder of a Replacement Warrant to visit and inspect any of our properties, including, without limitation, our books and records (and to make copies and extracts therefrom), and to discuss our affairs, finances and accounts with our officers, for the purposes of monitoring such holder’s investment in Legacy XTI, subject to the confidentiality provisions of that certain letter agreement, dated May 4, 2018, by and between Legacy XTI and the former service provider. In addition, we will provide the holder with such quarterly and annual financial statements and reports as it makes available to the holders of our Preferred Stock whenever such materials are provided to such holders.

DILUTION

Investors purchasing our common stock in this offering will experience immediate dilution in the net tangible book value of their shares of common stock. Our net tangible book value as of March 31, 2024 was approximately (\$4.9 million), or (\$0.49) per share. We calculate net tangible book value per share by dividing our net tangible book value, which is tangible assets less total liabilities, by the number of outstanding shares of our common stock. Dilution in net tangible book value per share represents the difference between the amount per share paid by purchasers of common stock in this offering and the as adjusted net tangible book value per share of common stock immediately after giving effect to this offering.

After giving effect to the Pro Forma Adjustments described above under “Capitalization,” our pro forma net tangible book value as of March 31, 2024 would have been approximately \$3.7 million, or \$0.17 per share.

After giving further effect to the sale by us of shares of our common stock in the aggregate gross amount of approximately \$47.4 million in this offering at an assumed offering price of \$0.4444 per share, the closing price of our common stock on the Nasdaq Capital Market on June 13, 2024, and after deducting commissions and estimated offering expenses of \$1.6 million payable by us, our pro forma as adjusted net tangible book value as of March 31, 2024 would have been approximately \$49.5 million, or \$0.38 per share. This represents an immediate increase in pro forma as adjusted net tangible book value of approximately \$0.21 per share to existing stockholders and results in immediate dilution in net tangible book value to investors purchasing our securities in this offering. The following table illustrates this calculation on a per share basis:

Assumed public offering price per share for this offering		\$	0.4444
Historical net tangible book value per share as of March 31, 2024	\$	(0.49)	
Pro forma increase per share attributable to the Pro Forma Adjustments	\$	0.66	
Pro forma net tangible book value per share after the Pro Forma Adjustments	\$	0.17	
Increase in pro forma as adjusted net tangible book value per share after this offering	\$	0.21	
Pro forma as adjusted net tangible book value per share as of March 31, 2024, after giving effect to this offering	\$		0.38
Dilution per share to new investors	\$		(0.0644)

The foregoing table does not take into account dilution to new investors that could occur upon the exercise of outstanding options and warrants having a per share exercise price less than the assumed public offering price in this offering or shares of common stock issued after March 31, 2024.

The foregoing table is based on 9,919,411 shares of our common stock outstanding as of March 31, 2024, and, excludes, as of that date, the following:

- 1,053,110 shares of common stock issuable upon the exercise of outstanding stock options under the Legacy XTI 2017 Employee and Consultant Stock Ownership Plan, having a weighted average exercise price of \$18.12 per share;
- 968 shares of common stock issuable upon the exercise of outstanding stock options under our 2018 Employee Stock Incentive Plan, having a weighted average exercise price of \$5,399.91 per share;
- 62,162,899 shares of common stock available for future issuance under our 2018 Employee Stock Incentive Plan and any other additional shares of our common stock that may become available under our 2018 Employee Stock Incentive Plan;
- 15 shares of common stock issuable upon the exercise of warrants at an exercise price of \$93,656.25 per share;
- 38,462 shares of common stock issuable upon the exercise of warrants at an exercise price of \$585.00 per share;

- 17,757 shares of common stock issuable upon the exercise of warrants at an exercise price of \$16.81 per share;
- 30,362 shares of common stock issuable upon the exercise of warrants at an exercise price of \$11.21 per share;
- 7,764 shares of common stock issuable upon the exercise of warrants at an exercise price of \$5.29 per share;
- 491,314 shares of common stock issuable upon the exercise of warrants at an exercise price of \$5.13 per share;
- 918,690 shares of common stock issuable upon the exercise of warrants at an exercise price of \$7.32 per share;
- 230,212 shares of common stock issuable upon the exercise of warrants at an exercise price of \$0.12 per share;
- 48,636 shares of common stock issuable upon the conversion of outstanding convertible notes in the aggregate remaining principal and interest amount of \$568,317;
- 622 shares of common stock issuable upon the exercise of outstanding stock options not under the Legacy XTI 2017 Employee and Consultant Stock Ownership Plan or our 2018 Employee Stock Incentive Plan, having an exercise price of \$16.81 per share;
- 1 share of common stock issuable upon the conversion of 1 outstanding share of Series 4 Convertible Preferred Stock, at a conversion price of \$1,674,000 per share;
- 1 share of common stock issuable upon conversion of 126 outstanding shares of Series 5 Convertible Preferred Stock, at a conversion price of \$1,123,875 per share; and
- any additional shares of common stock issued after March 31, 2024, including upon conversion or exercise of securities convertible or exercisable for shares of common stock.

To the extent that the outstanding options or warrants are exercised or preferred stock converted, new investors will experience further dilution. In addition, we may choose to raise additional capital due to market conditions or strategic considerations. To the extent that additional capital is raised through the sale of securities, the issuance of those securities could result in further dilution to our stockholders.

PLAN OF DISTRIBUTION

On June 14, 2024, we entered into an amendment to the Equity Distribution Agreement that we entered into with Maxim on July 22, 2022, as previously amended on June 13, 2023, December 29, 2023, May 28, 2024, May 31, 2024 and June 10, 2024, which we collectively refer to as the Equity Distribution Agreement, pursuant to which we increased the maximum aggregate offering amount from approximately \$48,800,000 to approximately \$83,800,000. As of June 14, 2024, we have sold 10,003,959 shares of our common stock with an aggregate offering price of approximately \$36,400,000, leaving an aggregate offering price of up to approximately \$47,400,000 (the “Maximum Amount”) remaining under the Equity Distribution Agreement, provided that, pursuant to the terms of the written consent the Company obtained from the Required Holders (as defined below) on June 14, 2024, the Company may sell only up to \$6 million in shares of common stock (the “Initial Tranche”) under the Equity Distribution Agreement without further consent from at least a majority of the outstanding shares of the Company’s Series 9 Preferred Stock (the “Required Holders”) and the Company is required to obtain the consent of the Required Holders for each tranche of additional \$5 million in sales of common stock under the Equity Distribution Agreement after the Initial Tranche up to the Maximum Amount.

Upon delivery of a placement notice and subject to the terms and conditions of the Equity Distribution Agreement, Maxim may sell shares of our common stock by any method permitted by law deemed to be an “at-the-market” equity offering as defined in Rule 415 promulgated under the Securities Act, including sales made directly on or through the Nasdaq Capital Market, the existing trading market for our common stock, sales made to or through a market maker other than on an exchange or otherwise, in negotiated transactions at market prices prevailing at the time of sale or at prices related to such prevailing market prices, and/or any other method permitted by law, including in privately negotiated transactions.

We will pay Maxim in cash, upon each sale of shares of our common stock pursuant to the Equity Distribution Agreement, a commission equal to 3.0% of the gross proceeds from each sale of shares of our common stock. Because there is no minimum offering amount required as a condition to this offering, the actual total public offering amount, commissions and proceeds to us, if any, are not determinable at this time. We have also agreed to reimburse Maxim for certain specified expenses, including the fees and disbursements of its legal counsel up to \$100,000 (which legal fees have been paid), provided, however that any costs and out-of-pocket expenses (excluding fees and expenses of legal counsel) in amount equal to or in excess of \$5,000 individually and in the aggregate shall require our advance written consent. In addition to such fees, at the end of each quarter in which the offering is open and during which sales of our common stock have occurred, we have agreed to pay Maxim’s legal counsel an additional legal fee equal to \$5,000.

Settlement for sales of shares of our common stock will occur on the second business day following the date on which any sales are made, or on some other date that is agreed upon by us and Maxim in connection with a particular transaction, in return for payment of the net proceeds to us. There is no arrangement for funds to be received in an escrow, trust or similar arrangement. Sales of shares of our common stock as contemplated in this prospectus will be settled through the facilities of The Depository Trust Company or by such other means as we and Maxim may agree upon.

We have agreed to provide indemnification and contribution to Maxim and specified persons against certain civil liabilities, including liabilities under the Securities Act, and the Securities Exchange Act of 1934, as amended, or the Exchange Act, and to contribute to payments that Maxim may be required to make in respect of such liabilities.

Maxim may be deemed to be an underwriter within the meaning of Section 2(a)(11) of the Securities Act, and any commissions received by them and any profit realized on the resale of the shares sold by them while acting as principal might be deemed to be underwriting discounts or commissions under the Securities Act. As an underwriter, Maxim would be required to comply with the requirements of the Securities Act and the Exchange Act, including, without limitation, Rule 415(a)(4) under the Securities Act and Rule 10b-5 and Regulation M under the Exchange Act. These rules and regulations may limit the timing of purchases and sales of shares by the agent acting as principal. Under these rules and regulations, Maxim:

- may not engage in any stabilization activity in connection with our securities; and
- may not bid for or purchase any of our securities or attempt to induce any person to purchase any of our securities, other than as permitted under the Exchange Act, until it has completed its participation in the distribution.

The offering of shares of our common stock pursuant to the Equity Distribution Agreement will terminate upon the earliest of (i) December 31, 2024, (ii) the sale of all common stock provided for in this prospectus, and (iii) the termination of the Equity Distribution Agreement by the provision of fifteen (15) days prior written notice by either party or otherwise pursuant to the terms of the Equity Distribution Agreement.

Maxim and its affiliates have provided and may in the future provide various investment banking, commercial banking and other financial services for us and our affiliates, for which services they may in the future receive customary fees. To the extent required by Regulation M, Maxim will not engage in any market making activities involving shares of our common stock while the offering is ongoing under this prospectus.

Item 15. Indemnification of Directors and Officers.

The Nevada Revised Statutes provide that we may indemnify our officers and directors against losses or liabilities which arise in their corporate capacity. The effect of these provisions could be to dissuade lawsuits against our officers and directors.

The Nevada Revised Statutes Section 78.7502 provides that:

(1) A corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, except an action by or in the right of the corporation, by reason of the fact that he is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, against expenses, including attorneys' fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with the action, suit or proceeding if he: (a) Is not liable pursuant to NRS 78.138; or (b) Acted in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction or upon a plea of nolo contendere or its equivalent, does not, of itself, create a presumption that the person is liable pursuant to NRS 78.138 or did not act in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the corporation, or that, with respect to any criminal action or proceeding, he had reasonable cause to believe that his conduct was unlawful.

(2) A corporation may indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that he is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise against expenses, including amounts paid in settlement and attorneys' fees actually and reasonably incurred by him in connection with the defense or settlement of the action or suit if he: (a) Is not liable pursuant to NRS 78.138; or (b) Acted in good faith and in a manner which he reasonably believed to be in or not opposed to the best interests of the corporation. Indemnification may not be made for any claim, issue or matter as to which such a person has been adjudged by a court of competent jurisdiction, after exhaustion of all appeals therefrom, to be liable to the corporation or for amounts paid in settlement to the corporation, unless and only to the extent that the court in which the action or suit was brought or other court of competent jurisdiction determines upon application that in view of all the circumstances of the case, the person is fairly and reasonably entitled to indemnity for such expenses as the court deems proper.

(3) To the extent that a director, officer, employee or agent of a corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in subsections 1 and 2, or in defense of any claim, issue or matter therein, the corporation shall indemnify him against expenses, including attorneys' fees, actually and reasonably incurred by him in connection with the defense.

The Nevada Revised Statutes Section 78.751 provides that:

(1) Any discretionary indemnification pursuant to NRS 78.7502, unless ordered by a court or advanced pursuant to Section 78.751 subsection 2; may be made by the corporation only as authorized in the specific case upon a determination that indemnification of the director, officer, employee or agent is proper in the circumstances. The determination must be made: (a) By the stockholders; (b) By the board of directors by majority vote of a quorum consisting of directors who were not parties to the action, suit or proceeding so orders, by independent legal counsel in a written opinion; or (c) If a quorum consisting of directors who were not parties to the action, suit or proceeding cannot be obtained, by independent legal counsel in a written opinion.

(2) The articles of incorporation, the bylaws or an agreement made by the corporation may provide that the expenses of officers and directors incurred in defending a civil or criminal action, suit or proceeding must be paid by the corporation as they are incurred and in advance of the final disposition of the action, suit or proceeding, upon receipt of an undertaking by or on behalf of the director or officer to repay the amount if it is ultimately determined by a court of competent jurisdiction that he is not entitled to be indemnified by the corporation. The provisions of this subsection do not affect any rights to advancement of expenses to which corporate personnel other than directors or officers may be entitled under any contract or otherwise by law.

(3) The indemnification pursuant to NRS 78.7502 and advancement of expenses authorized in or ordered by a court pursuant to this section: (a) Does not exclude any other rights to which a person seeking indemnification or advancement of expenses may be entitled under the articles of incorporation or any bylaw, agreement, vote of stockholders or disinterested directors or otherwise, for either an action in his official capacity or an action in another capacity while holding his office, except that indemnification, unless ordered by a court pursuant to NRS 78.7502 or for the advancement of expenses made pursuant to subsection 2, may not be made to or on behalf of any director or officer if a final adjudication establishes that his acts or omissions involved intentional misconduct, fraud or a knowing violation of the law and was material to the cause of action; and, (b) Continues for a person who has ceased to be a director, officer, employee or agent and inures to the benefit of the heirs, executors and administrators of such a person.

Article X of our Bylaws, as amended, provides that every person who was or is a party or is threatened to be made a party to or is involved in any action, suit, or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he or a person of whom he is the legal representative is or was a director or officer of the Company or is or was serving at the request of the Company or for its benefit as a director or officer of another corporation, or as its representative in a partnership, joint venture, trust, or other enterprise shall be indemnified and held harmless to the fullest extent permissible by the Nevada Revised Statutes from time to time against all expenses, liability and loss (including attorneys' fees, judgments, fines, and amounts paid or to be paid in settlement) reasonably incurred or suffered by him in connection therewith, except any expense or payments incurred in connection with any claim or liability established to have arisen out of his own willful misconduct or gross negligence.

 - (i) To include any prospectus required by Section 10(a) (3) of the Securities Act of 1933, as amended;
 - (ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement.
 - (iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (a)(1)(i), (a)(1)(ii) and (a)(1)(iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

- (2) That, for the purpose of determining any liability under the Securities Act of 1933, as amended, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (4) That, for the purpose of determining liability under the Securities Act of 1933, as amended, to any purchaser:
 - (i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

- (ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.
- (5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933, as amended, to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
 - (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
 - (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
 - (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
 - (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- (b) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, as amended, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in this registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
- (c) Insofar as indemnification for liabilities arising under the Securities Act of 1933, as amended, may be permitted to directors, officers, and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission, such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer, or controlling person of the registrant in the successful defense of any action, suit, or proceeding) is asserted by such director, officer, or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question of whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
