Overview

We are primarily an aircraft development company focused on the design and commercialization of vertical takeoff and landing (“VTOL”) aircraft. We also provide real-time location systems (“RTLS”) for industrial applications and, through our subsidiary, Drone Nerds, LLC, offer drone distribution and technology solutions.

Headquartered in Englewood, Colorado, the Company is developing a VTOL airplane that is designed to take off and land like a helicopter and cruise like a fixed-wing business airplane. We believe our initial configuration, the TriFan 600 airplane, will be one of the first civilian fixed-wing VTOL airplanes that offers the speed and comfort of a business airplane and the range and versatility of VTOL for a wide range of customer applications, including private aviation for business and high net worth individuals, emergency medical services and regional charter air travel, defining a new category of VTOL that we term the “xVTOL.” The TriFan 600 is a seven-occupant airplane intended to provide point-to-point air travel over distances of over 1,000 miles, fly at twice the speed and three times the range of competing helicopters and cruise at altitudes of up to 25,000 feet. Since 2013, we have been engaged primarily in developing the aerodynamic performance and top-level engineering design of the TriFan 600, building and testing a two-thirds scale unmanned version of the TriFan 600, generating pre-orders for the TriFan 600, and seeking funds from investors to enable the Company to advance the detailed design and certification of the TriFan 600, and to eventually engage in commercial production and sale of the TriFan 600.

We continue to work to optimize our airplane design for both manufacturing and certification. The development of an xVTOL airplane that meets our business requirements demands significant design and development efforts on all facets of the airplane. We believe that by bringing together a mix of talent with VTOL and traditional commercial aerospace backgrounds, we have built a team that enables us to move through the design, development, and certification of our xVTOL airplane with the Federal Aviation Administration (“FAA”) in an efficient manner, thus allowing us to achieve our end goal of bringing to market our airplane as efficiently as possible.

To date, we have not generated any revenue from aircraft sales because we are still designing and developing our xVTOL airplane. Additionally, we are seeking the necessary governmental approvals to bring the airplane into service. To continue funding these efforts, we will need to raise capital for the foreseeable future. The amount and timing of our future capital needs will depend on various factors, including the progress and results of our airplane’s design and development, our manufacturing operations, and our success in obtaining the required FAA certifications and other government approvals. For instance, any significant delays in securing FAA certifications or other government approvals may force us to raise more capital and could postpone our ability to generate revenue from aircraft sales.

Our RTLS solutions leverage cutting-edge technologies such as IoT, AI, and big data analytics to provide real-time tracking and monitoring of assets, machines, and people within industrial environments. With our RTLS solutions, businesses can achieve improved operational efficiency, enhanced safety and reduced costs. By having real-time visibility into operations, industrial organizations can make informed, data-driven decisions, minimize downtime, and ensure compliance with industry regulations.

Drone Nerds, LLC (“Drone Nerds”), a Florida limited liability company founded in 2014 and headquartered in Dania Beach, Florida, is one of the largest drone distributors and solutions providers in the United States. Drone Nerds specializes in the wholesale, retail and e-commerce sale of advanced drone systems and related technologies serving commercial, governmental, and consumer markets, including public safety, construction, energy, and agriculture. The company operates both an online sales platform and a retail location in South Florida and maintains one of the largest drone inventories in the U.S., representing over 30 leading brands. Through its nationwide network of sales, marketing, and service professionals, Drone Nerds delivers comprehensive enterprise drone solutions that improve operational performance and data-driven decision-making for its customers.

We currently report financial results for two segments: Commercial Aviation and Industrial IoT. For Industrial IoT, we generate revenue from sales of hardware, software licenses and professional services. During the quarter ended December 31, 2024, we began exploring strategic options to wind down and/or sell the hardware portions of our Industrial IoT business segment in order to shift our focus towards the sales of software products. For Commercial Aviation, the segment is pre-revenue as we are currently developing the TriFan 600 airplane. As a result of the acquisitions of Drone Nerds and Anzu Robotics, LLC, a Delaware limited liability company (“Anzu Robotics”), we expect to report a separate operating segment focused on drone distribution, services and related technologies beginning in a future reporting period, although the final determination of segment reporting and related disclosures has not yet been completed and is therefore still under evaluation.

Corporate Strategy

Our primary focus is to power what we term the Vertical Economy™ by delivering high-performance xVTOL solutions that scale from aircraft to innovative technologies and infrastructure. We identify seven areas that comprise the Vertical Economy: unmanned aircraft, manned aircraft, power technology, airspace and infrastructure management, artificial intelligence, aircraft advanced materials and next gen manufacturing. The term “xVTOL” is intended to encompass the broad spectrum of vertical lift technologies within the Vertical Economy, including various aircraft types (e.g., electric VTOL, regional VTOL and drones), operational models (manned and unmanned), supporting technologies (e.g., propulsion systems and aerospace-related artificial intelligence technologies) and customer applications. With the TriFan 600 as our flagship commercial aviation product, we are laying the groundwork for an innovative family of versatile aircraft and solutions addressing passenger travel, logistics, autonomous operations and defense missions that we believe will unlock significant growth and market leadership.

Expanding into autonomous, remotely operated drones via the acquisition of Drone Nerds was an important element of our evolving strategic focus. By combining drone technology with VTOL innovation, we believe we are positioning the Company to accelerate the development of both unmanned aerial vehicles and VTOL solutions, expand its market presence, and create new revenue-generating opportunities across multiple industries. We will also be opportunistic and may consider other strategic transactions, which may include, but not be limited to, other alternative investment opportunities, such as minority investments and joint ventures. If we make any acquisitions in the future, we expect that we may pay for such acquisitions with cash, equity securities and/or debt in combinations appropriate for each acquisition.

Recent Developments

Acquisitions of Drone Nerds and Anzu Robotics

On November 10, 2025, XTI Drones Holdings, LLC, a Texas limited liability company (“XTI Drones Holdings”) and a subsidiary of our wholly-owned subsidiary, XTI Drones, LLC, acquired 100% of the issued and outstanding equity interests of two enterprise drone solutions providers, Drone Nerds and Anzu Robotics, pursuant to the terms of two separate membership interest purchase agreements, in exchange for aggregate consideration consisting of (i) approximately \$20 million in cash, (ii) promissory notes in the aggregate original principal amount of approximately \$11.9 million (including approximately \$1.6 million in working capital adjustments), and (iii) an aggregate of 6,524,576 Class B Units of XTI Drones Holdings (the “Class B Units”) with a fair market value of approximately \$9.7 million. The aggregate purchase price for each acquisition is subject to customary post-closing adjustments. We paid ThinkEquity LLC (“ThinkEquity”) fees of approximately \$1.2 million as compensation for advisory services in connection with the acquisitions.

The Class B Units of XTI Drones Holdings are exchangeable at any time after May 1, 2026 for shares of our Common Stock on a one-for-one basis, provided that such exchange ratio is subject to equitable adjustments for stock splits, stock dividends, reclassifications and similar transactions affecting the Common Stock. In addition, on the date that is 15 months after November 10, 2025, all outstanding Class B Units will automatically be exchanged for shares of Common Stock on a one-for-one basis, subject to the foregoing adjustments. The Drone Nerds and Anzu Robotics sellers entered into lock-up agreements pursuant to which they agreed not to, without our prior consent, sell, transfer or dispose of any shares of Common Stock until November 10, 2026. Following the exchange of all outstanding Class B Units into shares of Common Stock, XTI Drones, LLC will own 100% of the membership interests of XTI Drones Holdings, and Drone Nerds and Anzu Robotics will be indirect, wholly-owned subsidiaries of XTI Aerospace, Inc.

November 2025 Private Placement and Automatic Conversion of Series 10 Preferred Stock

On November 10, 2025, we entered into a securities purchase agreement (the “PIPE Purchase Agreement”) with Unusual Machines, Inc., a Nevada corporation (“Unusual Machines”), pursuant to which we sold Unusual Machines 25,000 shares of Series 10 Preferred Stock for \$25,000,000 (the “Subscription Amount”) in the November 2025 PIPE, which closed on November 12, 2025. On November 10, 2025, we filed the certificate of designation of preferences, rights and limitations of the Series 10 Preferred Stock (the “Certificate of Designation”) with the Secretary of State of the State of Nevada.

The issuance of shares of Common Stock upon conversion of, or as a dividend on, the Series 10 Preferred Stock and upon exercise of the Placement Agent Warrants was subject to our receipt of our shareholders' approval of the issuance of such shares in compliance with Nasdaq Listing Rule 5635 (the "Shareholder Approval"). We agreed to hold an annual or special meeting of shareholders to obtain such Shareholder Approval in accordance with the terms of the PIPE Purchase Agreement and the Placement Agent Warrants. On December 30, 2025, we held our 2025 annual meeting of shareholders at which we obtained the Shareholder Approval.

In accordance with the terms of the Certificate of Designation, as a result of the Shareholder Approval, each outstanding share of Series 10 Preferred Stock automatically converted into that number of shares of Common Stock determined by dividing the \$1,000 stated value per share of Series 10 Preferred Stock (the "Stated Value") plus all unpaid accrued and accumulated preferential dividends on such share (whether or not declared) by a conversion price of \$1.492 per share, subject to the beneficial ownership limitation in the Series 10 Preferred Stock. From the date of issuance (November 12, 2025) until the automatic conversion, each share of Series 10 Preferred Stock accrued preferential dividends at an annual rate of 12.0% of the Stated Value computed on the basis of a 360-day year and twelve 30-day months.

As a result of the automatic conversion of the Series 10 Preferred Stock, on January 5, 2026, the Company issued Unusual Machines 1,721,980 shares of Common Stock (the "Conversion Shares") and a pre-funded warrant to purchase 15,307,735 shares of Common Stock (the "Pre-Funded Warrant" and the shares of Common Stock issuable upon exercise of the Pre-Funded Warrant, the "Pre-Funded Warrant Shares"). The Pre-Funded Warrant was issued in lieu of Common Stock due to the beneficial ownership limitation in the Series 10 Preferred Stock. The Pre-Funded Warrant is immediately exercisable and may be exercised at any time until it is exercised in full. The Pre-Funded Warrant has an exercise price of \$0.0001 per share, provided that such exercise price is deemed pre-paid as part of the Subscription Amount. The Pre-Funded Warrant may not be exercised if the holder thereof (together with its affiliates and any other persons acting as a group with such holder) own more than 4.99% (or, at the election of the holder, 9.99%) of the outstanding Common Stock immediately after exercise; provided, however, that the holder may increase or decrease the beneficial ownership limitation by giving prior written notice to the Company (61 days' notice for increases), but not to any percentage in excess of 9.99%. The Pre-Funded Warrant includes customary provisions including rights upon a fundamental transaction, adjustments for stock splits and dividends and purchase rights.

Pursuant to the PIPE Purchase Agreement, we agreed to file a registration statement covering the resale by Unusual Machines of the Conversion Shares and Pre-Funded Warrant Shares (collectively, the "Underlying Shares"), within 90 days of the closing date of the November 2025 PIPE. We agreed to use commercially reasonable efforts to cause such registration to become effective within 60 days (or 90 days if the SEC notifies us that it will "review" the registration statement) following the initial filing of such registration statement and to keep such registration statement effective at all times until the earlier of (i) the time that Unusual Machines and its successors and assigns does not own the Pre-Funded Warrant or the Underlying Shares or (ii) the date on which the Underlying Shares may be sold without restriction, including volume or manner-of-sale restrictions, pursuant to Rule 144. We have filed the registration statement of which this prospectus forms a part pursuant to the PIPE Purchase Agreement.

From the date of the PIPE Purchase Agreement until the later of the date that is 5 days from the date (a) Shareholder Approval is obtained and (b) the date that the registration statement covering the resale of the Underlying Shares has been declared effective by the SEC, the Company agreed to not enter into any transaction for the sale of any of its equity securities or securities convertible into its equity securities unless the price per share of Common Stock or per unit price (or conversion price or exercise price, as applicable) is equal to or greater than \$2.50, subject to certain customary exempt issuance exceptions.

ThinkEquity served as our placement agent in connection with the November 2025 PIPE, pursuant to a placement agency agreement, dated November 10, 2025, by and between us and ThinkEquity. We paid ThinkEquity \$1,750,000 of placement agent fees and reimbursed ThinkEquity for \$175,000 of actual out-of-pocket offering expenses. Additionally, we issued ThinkEquity and its designees Placement Agent Warrants to purchase an aggregate of 837,801 shares of Common Stock, which were exercisable commencing November 12, 2025, expire November 12, 2030 and have an exercise price of \$1.492 per share. The shares of Common Stock underlying the Placement Agent Warrants are being offered for resale in the registration statement of which this prospectus forms a part.

RISK FACTORS

Investing in our securities involves a high degree of risk. Prior to making a decision about investing in our securities, you should carefully consider the specific risk factors described below and discussed in our annual report on Form 10-K for the year ended December 31, 2024, under the heading “Item 1A. Risk Factors,” and as described or may be described in any subsequent quarterly reports on Form 10-Q under the heading “Item 1A. Risk Factors,” as well as in our other filings with the SEC that are incorporated by reference in this prospectus, together with all of the other information contained in this prospectus. For a description of these reports and documents, and information about where you can find them, see “Where You Can Find More Information” and “Incorporation of Certain Information by Reference.” If any of these risks or uncertainties actually occur, our business, financial condition, and results of operations could be materially and adversely affected. In that case, the trading price of our securities could decline, and you might lose all or part of the value of your investment.

Risks Related to our Common Stock, this Offering and our Business

A sale of a substantial number of shares of Common Stock by the selling stockholders could cause the price of our Common Stock to decline.

The shares of Common Stock covered by this prospectus represent a large number of shares of our Common Stock, and, following the effectiveness of the registration statement of which this prospectus forms a part, such shares of Common Stock may be sold by the selling stockholders in the public market without restriction. If the selling stockholders sell, or the market perceives that our stockholders intend to sell for various reasons, substantial amounts of the shares of Common Stock in the public market, the price of our Common Stock may decline. Additionally, such conditions may make it more difficult for us to sell equity or equity-related securities in the future at a time and price that we deem reasonable or appropriate.

Our failure to maintain compliance with the continued listing requirements of the Nasdaq Capital Market may result in our common stock being delisted from the Nasdaq Capital Market, which could negatively impact the price of our common stock, liquidity, our ability to access the capital markets and our stockholders’ ability to sell their shares.

Our common stock is currently listed on the Nasdaq Capital Market (“Nasdaq”) under the symbol “XTIA.” The listing standards of Nasdaq provide that a company, in order to qualify for continued listing, must maintain a minimum stock price of \$1.00 and satisfy standards relative to minimum stockholders’ equity, minimum market value of publicly held shares and various additional requirements. While our common stock is currently listed on Nasdaq, we can give no assurance that we will be able to maintain compliance with the continued listing requirements for Nasdaq. If we fail to maintain compliance with any such continued listing requirement, there can also be no assurance that we will be able to regain compliance with any such continued listing requirement in the future or that our common stock will not be delisted in the future. If Nasdaq delists our securities from trading on its exchange for failure to meet the listing standards, we and our stockholders could face significant negative consequences including:

- limited availability of market quotations for our securities;
- a determination that the common stock is a “penny stock” which would require brokers trading in the common stock to adhere to more stringent rules, possibly resulting in a reduced level of trading activity in the secondary trading market for shares of common stock;
- a low probability that analysts will cover the Company in the future; and
- a decreased ability to issue additional securities or obtain additional financing in the future.

Delisting from Nasdaq could also result in other negative consequences, including the potential loss of confidence by suppliers, customers and employees, the loss of institutional investor interest and fewer business development opportunities.

If our shares of common stock lose their status on Nasdaq, we believe that they would likely be eligible to be quoted on the inter-dealer electronic quotation and trading system operated by OTC Markets Group Inc., commonly referred to as the Pink Open Market and we may also qualify to be traded on their OTCQB market (The Venture Market). These markets are generally not considered to be as efficient as, and not as broad as, Nasdaq. Selling our shares on these markets could be more difficult because smaller quantities of shares would likely be bought and sold, and transactions could be delayed. In addition, in the event our shares are delisted, broker-dealers have certain regulatory burdens imposed upon them, which may discourage broker-dealers from effecting transactions in our common stock or even holding our common stock, further limiting the liquidity of our common stock. These factors could result in lower prices and larger spreads in the bid and ask prices for our common stock.

Adverse judgments or settlements in legal proceedings could materially harm our business, financial condition, operating results and cash flows.

We may be a party to claims that arise from time to time in the ordinary course of our business, which may include those related to, for example, our securities offerings, contracts, sub-contracts, protection of confidential information or trade secrets, adversary proceedings arising from customer bankruptcies, employment of our workforce and immigration requirements or compliance with any of a wide array of state and federal statutes, rules and regulations that pertain to different aspects of our business.

Additionally, we are and we may be made a party to future claims relating to the XTI Merger. On December 6, 2023, Xeriant, Inc. ("Xeriant") filed a complaint in the United States District Court for the Southern District of New York (the "S.D.N.Y.") against Legacy XTI, two unnamed entities, and five unnamed individuals. On January 31, 2024, Xeriant filed an amended complaint adding the Company as a defendant. On February 29, 2024, Xeriant filed a second amended complaint, removing the Company and one of the unnamed entities as defendants. The second amended complaint alleges that Legacy XTI breached several agreements with Xeriant, including a Joint Venture Agreement dated May 31, 2021, a cross-patent license agreement, an operating agreement, and a letter dated May 17, 2022, which Xeriant claims arose from its introduction of Legacy XTI to a Nasdaq-listed company as a potential acquirer. Xeriant further alleges that it provided intellectual property, expertise, and capital in connection with Legacy XTI's TriFan 600 aircraft and was improperly excluded from a subsequent transaction involving the TriFan 600 technology as part of Legacy XTI's merger with the Company. Xeriant asserts causes of action for breach of contract, fraud, unjust enrichment, and misappropriation of confidential information, and seeks damages in excess of \$500 million, along with injunctive and other equitable relief. On March 13, 2024, Legacy XTI moved to dismiss portions of the second amended complaint. The S.D.N.Y. denied that motion on January 14, 2025. Legacy XTI filed an answer on January 28, 2025, and subsequently filed an amended answer and counterclaims on February 18, 2025. The amended counterclaims, further amended on April 14, 2025, allege that Xeriant breached the Joint Venture Agreement by failing to make required capital contributions of approximately \$4.6 million and by failing to deliver promised intellectual property and strategic support. Legacy XTI further alleges that Xeriant breached its fiduciary duty by engaging in coercive and self-dealing conduct, including conditioning a strategic introduction on the issuance of equity and assumption of debt. Legacy XTI seeks declaratory relief confirming that the joint venture has been terminated, that all intellectual property related to the TriFan 600 belongs solely to Legacy XTI, and that Xeriant has no rights in the TriFan 600 technology. On April 28, 2025, Xeriant moved to dismiss Legacy XTI's second amended counterclaims. On September 23, 2025, the S.D.N.Y. denied Xeriant's motion, concluding that Legacy XTI plausibly alleged claims against Xeriant for breach of contract, breach of fiduciary duty, and declaratory judgment. The S.D.N.Y. found that Legacy XTI had adequately pleaded that Xeriant was obligated to contribute \$10 million in funding to the joint venture and that it acted disloyally by leveraging a potential merger opportunity for its own benefit. Following the S.D.N.Y.'s September 23, 2025 denial of Xeriant's motion to dismiss Legacy XTI's counterclaims, the litigation has advanced into full discovery. The S.D.N.Y. has since compelled Xeriant to comply with its discovery obligations and warned that continued noncompliance would result in dismissal of its claims. While the Company continues to believe the allegations against Legacy XTI are meritless, the case remains in active discovery and subject to close judicial supervision, which may increase litigation costs and extend the duration of the proceedings. On December 9, 2025, Xeriant filed a Third Amended Complaint, voluntarily non-suited five counts from the prior complaint and revising its damages demand from \$500 million to an unspecified amount. On December 23, 2025, Legacy XTI filed its Answer, Affirmative Defenses, and Counterclaims in response to the Third Amended Complaint. The outcome of the litigation cannot presently be predicted, and any adverse determination could have a material impact on the Company.

In connection with the litigation matter described in the immediately preceding paragraph, on June 12, 2024, the Company received correspondence from legal counsel for Auctus Fund, LLC (“Auctus”), dated April 3, 2024, asserting that the Company and/or Legacy XTI may have assumed Xeriant’s obligations under a Senior Secured Promissory Note (the “Note”) issued by Xeriant to Auctus in the original principal amount of \$6,050,000, pursuant to a letter agreement dated May 17, 2022, between Xeriant and Legacy XTI (the “May 17 letter”). Auctus claimed that the outstanding amount due under the Note, including accrued interest, was \$8,435,008.81 as of April 3, 2024. In July 2024, Legacy XTI responded to Auctus’s claims, asserting that the May 17 letter is invalid and unenforceable on multiple grounds. Legacy XTI further stated that, even if the May 17 letter were enforceable, it did not create or trigger any obligation for Legacy XTI to assume Xeriant’s debt under the Note or otherwise. On May 13, 2025, Auctus filed a lawsuit against Legacy XTI in the District Court of Arapahoe County, Colorado, asserting a single claim for breach of contract based on its prior allegations. Auctus contends that Legacy XTI is contractually obligated to repay nearly \$9 million in principal and accrued interest, based on Legacy XTI’s entry into a loan agreement with Legacy Inpixon in March 2023 and its subsequent merger with Legacy Inpixon in March 2024. On June 25, 2025, Legacy XTI filed a motion to dismiss or, in the alternative, to stay the proceedings pending resolution of the Xeriant litigation. Legacy XTI’s motion asserts that Auctus’ complaint should be dismissed: (i) for lack of standing, because Auctus is neither a party to, nor a third-party beneficiary of, the May 17 letter; (ii) for failure of a condition precedent, because no obligation ever arose in that the alleged triggering condition—a business combination involving Legacy XTI and Legacy Inpixon did not occur within the required one-year time frame; (iii) for lack of valid assignment, because Xeriant’s unilateral assignment of debt to Legacy XTI is void because the underlying Note prohibits assignment without Auctus’s prior written consent, which is not alleged. On August 5, 2025, Auctus filed a response arguing that it was an intended third-party beneficiary of the May 17 letter, that the anti-assignment clause does not bar its claims, and that the request for a stay is unwarranted because the Xeriant litigation involves different parties and broader claims. On September 12, 2025, Legacy XTI filed a Reply Brief reinforcing that Auctus lacks standing, that no obligation ever arose under the May 17 Letter because no qualifying transaction occurred within its one-year term, and that any purported transfer of debt is void under the Note’s anti-assignment clause. The Reply also emphasized that the enforceability of the May 17 Letter is already before the S.D.N.Y. and urged dismissal or a stay to avoid inconsistent rulings. On October 2, 2025, Legacy XTI filed a Notice of Supplemental Authority submitting the September 23, 2025 Order of the S.D.N.Y., which denied Xeriant’s motion to dismiss Legacy XTI’s counterclaims and held that Legacy XTI had plausibly alleged that the May 17 Letter expired by its terms and is unenforceable. Legacy XTI asserted that the S.D.N.Y. ruling directly supports dismissal or a stay because it confirms that the same alleged contract and issues raised by Auctus are already being adjudicated in the federal case. On November 7, 2025, the court denied Legacy XTI’s motion to dismiss or, in the alternative, stay the proceedings. The court held that, when viewing the allegations in the light most favorable to Auctus, the complaint plausibly stated claims for relief under Colorado’s notice-pleading standard. The court further denied XTI’s alternative request for a stay, reasoning that the parties were not identical to those in the federal action and therefore comity and judicial economy did not warrant a stay. The court nonetheless directed the parties to update it regarding the outcome of the federal case to the extent it may be dispositive of overlapping issues. On November 21, 2025, Legacy XTI filed its Answer and Affirmative Defenses to the Complaint. The Company will continue to vigorously defend against the claims but cannot predict the timing or outcome of the proceedings or estimate any potential exposure.

Regardless of the merits of any particular claim, responding to such actions could divert time, resources and management’s attention away from our business operations, and we may incur significant expenses in defending these lawsuits or other similar lawsuits. The results of litigation and other legal proceedings are inherently uncertain, and adverse judgments or settlements in some of these legal disputes may result in adverse monetary damages, penalties or injunctive relief against us, which could have a material adverse effect on our financial condition, operating results and cash flows. Any claims or litigation, even if fully indemnified or insured, could damage our reputation and make it more difficult to compete effectively or to obtain adequate insurance in the future.

Furthermore, while we maintain insurance for certain potential liabilities, such insurance does not cover all types and amounts of potential liabilities and is subject to various exclusions as well as deductibles and caps on amounts of coverage. Even if we believe a claim is covered by insurance, insurers may dispute our entitlement to coverage for a variety of potential reasons, which may affect the timing and, if the insurers prevail, the amount of our available insurance coverage for a particular claim.

We may also be required to initiate expensive litigation or other proceedings to protect our business interests. There is a risk that we will not be successful or otherwise be able to satisfactorily resolve such claims or litigation. Litigation and other legal claims are subject to inherent uncertainties. Those uncertainties include, but are not limited to, litigation costs and attorneys’ fees, unpredictable judicial or jury decisions and the differing laws and judicial proclivities regarding damage awards among the states in which we operate. Unexpected outcomes in such legal proceedings, or changes in management’s evaluation or predictions of the likely outcomes of such proceedings, could have a material adverse effect on our business, financial condition, results of operations and cash flows. Our current financial status may increase our default and litigation risks and may make us more financially vulnerable in the face of threatened litigation.

Moreover, we operate in a very competitive and rapidly changing environment. New risks emerge from time to time. It is not possible for our management to predict all risks, nor can we assess the impact of all factors on our business or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements we may make. In light of these risks, uncertainties and assumptions, the forward-looking events and circumstances discussed in this prospectus may not occur and actual results could differ materially and adversely from those anticipated or implied in the forward-looking statements.

You should not rely upon forward-looking statements as predictions of future events. Although we believe that the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee that the future results, levels of activity, performance or events and circumstances reflected in the forward-looking statements will be achieved or occur. The selling stockholders may sell all, some or none of their shares of Common Stock covered by this prospectus. As used in this prospectus, the term "selling stockholders" includes pledgees, donees, transferees and other successors-in-interest who may acquire such shares of Common Stock through a pledge, gift, partnership distribution or other non-sale related transfer from the selling stockholders. The selling stockholders will act independently of the Company in making decisions with respect to the timing, manner and size of each sale. These transactions include:

The selling stockholders may also resell all or a portion of the shares of Common Stock covered by this prospectus in open market transactions in reliance upon Rule 144 under the Securities Act, as permitted by that rule, Section 4(a)(1) under the Securities Act, if available, or any other exemption from the registration requirements that become available, rather than under this prospectus.

If underwriters are used in the sale of any shares of Common Stock covered by this prospectus, such shares of Common Stock will be acquired by the underwriters for their own account and may be resold from time to time in one or more transactions described above. Shares of Common Stock covered by this prospectus may be either offered to the public through underwriting syndicates represented by managing underwriters or directly by underwriters. We may use underwriters with whom we have a material relationship. As applicable, we will describe in each accompanying prospectus supplement the name of the underwriter(s) and the nature of any such relationship(s).

The shares of Common Stock covered by this prospectus may be sold directly or through agents designated from time to time. We will name any agent involved in the offering and sale of such shares and we will describe any commissions paid to the agent in the prospectus supplement. Unless the prospectus supplement states otherwise, the agent will act on a best-efforts basis for the period of its appointment.

Agents may be entitled to indemnification by us against certain civil liabilities, including liabilities under the Securities Act, or to contribution with respect to payments made by the agents, under agreements between us and the agents.

Agents may receive compensation in the form of discounts, concessions or commissions from us or our purchasers, as their agents in connection with the sale of securities. These agents may be considered to be underwriters under the Securities Act. As a result, discounts, commissions or profits on resale received by the agents may be treated as underwriting discounts and commissions. Each accompanying prospectus supplement will identify any such agent and describe any compensation received by them from us.

In connection with sales of shares of Common Stock covered by this prospectus, the selling stockholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of such shares of Common Stock in the course of hedging in positions they assume. The selling stockholders may also sell the shares of Common Stock covered by this prospectus short and the selling stockholders may deliver shares of Common Stock to close out short positions and to return borrowed shares of Common Stock in connection with such short sales. The selling stockholders may also loan or pledge shares of Common Stock covered by this prospectus to broker-dealers that in turn may sell such shares of Common Stock, to the extent permitted by applicable law. The selling stockholders may also enter into option or other transactions with broker-dealers or other financial institutions or the creation of one or more derivative securities which require the delivery to such broker-dealer or other financial institution of shares of Common Stock covered by this prospectus, which shares of Common Stock such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The selling stockholders may, from time to time, pledge or grant a security interest in some or all of the shares of Common Stock covered by this prospectus owned by them and, if they default in the performance of their secured obligations, the pledgees or secured parties may offer and sell such shares of Common Stock from time to time pursuant to this prospectus or any amendment to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act, amending, if necessary, the list of selling stockholders to include the pledgee, transferee or other successors in interest as selling stockholders under this prospectus. The selling stockholders may also transfer and donate shares of Common Stock covered by this prospectus in other circumstances in which case the transferees, donees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

A selling stockholder that is an entity may elect to make an in-kind distribution of shares of Common Stock covered by this prospectus to its members, general or limited partners or stockholders pursuant to the registration statement on Form S-3, of which this prospectus forms a part, by delivering a prospectus. To the extent that such members, general or limited partners or stockholders are not affiliates of ours, such members, partners or stockholders would thereby receive freely tradable shares of Common Stock pursuant to the distribution through a registration statement. Additionally, to the extent that entities, members, partners or stockholders are affiliates of ours received shares in any such distribution, such affiliates will also be selling stockholders and will be entitled to sell such shares pursuant to this prospectus.

Agents who may become involved in the sale of shares of Common Stock covered by this prospectus may engage in transactions with, and perform other services for, us in the ordinary course of their business for which they receive compensation.

In effecting sales, the selling stockholders may engage broker-dealers or agents, who may in turn arrange for other broker-dealers to participate. Broker-dealers or agents may receive commissions, discounts or concessions from the selling stockholders and/or from the purchasers of shares of Common Stock covered by this prospectus for whom the broker-dealers may act as agents or to whom they sell as principal, or both. The compensation to a particular broker-dealer may be in excess of customary commissions. To our knowledge, there is currently no plan, arrangement or understanding between any selling stockholders and any broker-dealer or agent regarding the sale of any shares of Common Stock by the selling stockholders.

The selling stockholders, any broker-dealers or agents and any participating broker-dealers that act in connection with the sale of the shares of Common Stock covered by this prospectus may be “underwriters” under the Securities Act with respect to those shares of Common Stock and will be subject to the prospectus delivery requirements of the Securities Act. Any profit that the selling stockholders realize, and any compensation that any broker-dealer or agent may receive in connection with any sale, including any profit realized on resale of such shares of Common Stock acquired as principal, may constitute underwriting discounts and commissions. If the selling stockholders are deemed to be underwriters, the selling stockholders may be subject to certain liabilities under statutes including, but not limited to, Section 11, 12 and 17 of the Securities Act and Section 10(b) and Rule 10b-5 under the Exchange Act.

The securities laws of some states may require the selling stockholders to sell the shares of Common Stock covered by this prospectus in those states only through registered or licensed brokers or dealers. These laws may also require that we register or qualify such shares of Common Stock for sale in those states unless an exemption from registration and qualification is available and the selling stockholders and we comply with that exemption. In addition, the anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of shares of Common Stock in the market and to the activities of the selling stockholders and their affiliates. Regulation M may restrict the ability of any person engaged in the distribution of shares of Common Stock to engage in market-making activities with respect to such shares of Common Stock. All of the foregoing may affect the marketability of the shares of Common Stock covered by this prospectus and the ability of any person to engage in market-making activities with respect to such shares.

If any selling stockholder notifies us that he has entered into any material arrangement with a broker-dealer for the sale of shares of Common Stock covered by this prospectus through a block trade, special offering, exchange distribution, over-the-counter distribution or secondary distribution, or a purchase by a broker or dealer, we will file any necessary supplement to this prospectus to disclose:

This description is only a summary, does not purport to be complete and is qualified in its entirety by reference to our organizational documents, copies of which have been filed or incorporated by reference as exhibits to the registration statement of which this prospectus forms a part.

Common Stock

Under our articles of incorporation, as amended, we are authorized to issue up to 505,000,000 shares of capital stock, par value \$0.001 per share, of which 500,000,000 are shares of Common Stock and 5,000,000 are shares of “blank check” preferred stock. As of January 9, 2026, 34,508,796 shares of Common Stock were issued and outstanding. Our authorized but unissued shares of Common Stock are available for issuance without further action by our stockholders, unless such action is required by applicable law or the rules of any stock exchange or automated quotation system on which our securities may be listed or traded.

The holders of our Common Stock are entitled to one vote per share. In addition, the holders of our Common Stock will be entitled to receive pro rata dividends, if any, declared by our board of directors out of legally available funds; however, the current policy of our board of directors is to retain earnings, if any, for operations and growth. Upon liquidation, dissolution or winding-up, the holders of our Common Stock are entitled to share ratably in all assets that are legally available for distribution. The holders of our Common Stock have no preemptive, subscription, redemption or conversion rights. The rights, preferences and privileges of holders of our Common Stock are subject to, and may be adversely affected by, the rights of the holders of any series of preferred stock, which may be designated solely by action of our board of directors and issued in the future.

In the event of our liquidation, dissolution or winding up, the holders of our Common Stock are entitled to receive pro rata our assets which are legally available for distribution, after payments of all debts and other liabilities and subject to the prior rights of any holders of preferred stock then outstanding. All of the outstanding shares of our Common Stock are fully paid and non-assessable. The shares of Common Stock offered by this prospectus will also be fully paid and non-assessable.

Registration Rights

Pursuant to the XTI Merger Agreement, we agreed to register the resale of the shares of our Common Stock issued pursuant to the XTI Merger Agreement to David Brody, Susan R. Brody, the David E. Brody 2019 Spousal Trust and the Jason S. Brody 2019 Trust, which shares were not registered on the Company's registration statement on Form S-4 filed in connection with the XTI Merger.

Pursuant to the July 2024 Advisory Agreement, we issued ThinkEquity's designees an aggregate of 4,005 shares of restricted Common Stock as partial consideration for financial advisory services, and we agreed to register such shares.

Pursuant to the May 2025 Advisory Agreement, we issued ThinkEquity's designees an aggregate of 125,000 shares of restricted Common Stock as partial consideration for financial advisory services, and we agreed to register such shares.

Preferred Stock

Our articles of incorporation permit us to issue up to 5,000,000 shares of preferred stock in one or more series and with rights and preferences that may be fixed or designated by our board of directors without any further action by our stockholders. Each series of preferred stock will have the number of shares, designations, preferences, voting powers, qualifications and special or relative rights or privileges as shall be determined by our board of directors, which may include, among others, dividend rights, voting rights, liquidation preferences, conversion rights and preemptive rights.

It is not possible to state the actual effect of the issuance of any shares of preferred stock upon the rights of holders of our Common Stock until the board of directors determines the specific rights of the holders of our preferred stock. However, the effects might include, among other things:

- Impairing dividend rights of our Common Stock;
- Diluting the voting power of our Common Stock;
- Impairing the liquidation rights of our Common Stock; and
- Delaying or preventing a change of control without further action by our stockholders.

Series 4 Preferred Stock

Our board of directors designated 10,415 shares of preferred stock as Series 4 Convertible Preferred Stock, par value \$0.001 per share with a stated value of \$1,000 per share (the "Series 4 Preferred Stock"). The Series 4 Preferred Stock was originally issued in our public offering of securities consummated on April 24, 2018. As of January 9, 2026, there was one share of Series 4 Preferred Stock outstanding convertible into one share of Common Stock.

Our board of directors may, without stockholder approval, issue shares of an additional class or series of preferred stock with voting and conversion rights which could adversely affect the voting power of the holders of the Series 4 Preferred Stock, except as prohibited by the certificate of designation of preferences, rights and limitations of the Series 4 Preferred Stock.

Conversion. Each share of Series 4 Preferred Stock is convertible, at any time and from time to time at the option of the holder thereof, into that number of shares of Common Stock determined by dividing the stated value of \$1,000 by the current conversion price equal to \$418,500,000 per share. In addition, the conversion price per share is subject to adjustment for stock dividends, distributions, subdivisions, combinations or reclassifications.

Beneficial Ownership Limitation. A holder of the Series 4 Preferred Stock will not have the right to convert any portion of the Series 4 Preferred Stock to the extent that, after giving effect to the conversion, the holder, together with its affiliates, would beneficially own in excess of 4.99% (subject to adjustment to up to 9.99% solely at the holder's discretion upon 61 days' prior notice to us) of the number of shares of our Common Stock outstanding immediately after giving effect to its conversion.

Dividends. Holders of the Series 4 Preferred Stock will be entitled to receive dividends equal (on an "as converted to Common Stock" basis) to and in the same form as dividends actually paid on shares of our Common Stock when, as and if such dividends are paid on shares of our Common Stock. No other dividends will be paid on shares of Series 4 Preferred Stock.

Fundamental Transactions. In the event we effect certain mergers, consolidations, sales of substantially all of our assets, tender or exchange offers, reclassifications or share exchanges in which our Common Stock is effectively converted into or exchanged for other securities, cash or property, we consummate a business combination in which another person acquires more than 50% of the outstanding shares of our Common Stock, then, upon any subsequent conversion of the Series 4 Preferred Stock, the holders of the Series 4 Preferred Stock will have the right to receive any shares of the acquiring corporation or other consideration it would have been entitled to receive if it had been a holder of the number of shares of Common Stock then issuable upon conversion in full of the Series 4 Preferred Stock.

Voting Rights. Except as otherwise provided in the certificate of designation or as otherwise required by law, the Series 4 Preferred Stock has no voting rights.

Liquidation. Upon any dissolution, liquidation or winding up, whether voluntary or involuntary, holders of Series 4 Preferred Stock will be entitled to receive distributions out of our assets, whether capital or surplus, of the same amount that a holder of Common Stock would receive if the Series 4 Preferred Stock were fully converted (disregarding for such purposes any conversion limitations hereunder) to Common Stock which amounts will be paid pari passu with all holders of Common Stock.

Anti-Dilution Protection. The Series 4 Preferred contain an anti-dilution protection feature, to adjust the conversion price if shares of Common Stock are sold or issued for a consideration per share less than the conversion price then in effect (subject to certain exemptions), provided, that the conversion price will not be less than \$418,500,000.

Redemption Rights. We are not obligated to redeem or repurchase any shares of Series 4 Preferred Stock. Shares of Series 4 Preferred Stock are not otherwise entitled to any redemption rights, or mandatory sinking fund or analogous provisions.

Series 5 Preferred Stock

Our board of directors designated 12,000 shares of preferred stock as Series 5 Convertible Preferred Stock, par value \$0.001 per share with a stated value of \$1,000 per share (the "Series 5 Preferred Stock"). The Series 5 Preferred Stock was originally issued in our rights offering consummated on January 15, 2019. As of January 9, 2026, there were 126 shares of Series 5 Preferred Stock outstanding convertible into one share of Common Stock. Our board of directors may, without stockholder approval, issue shares of an additional class or series of preferred stock with voting and conversion rights which could adversely affect the voting power of the holders of the Series 5 Preferred Stock, except as prohibited by the certificate of designation of preferences, rights and limitations of the Series 5 Preferred Stock.

Conversion. Each share of Series 5 Preferred Stock will be convertible at the option of the holder at any time, into the number of shares of our Common Stock determined by dividing the \$1,000 stated value per share of the Series 5 Preferred Stock by a conversion price of \$280,968,750 per share. In addition, the conversion price per share is subject to adjustment for stock dividends, distributions, subdivisions, combinations or reclassifications.

Beneficial Ownership Limitation. Subject to limited exceptions, a holder of the Series 5 Preferred Stock will not have the right to convert any portion of the Series 5 Preferred Stock to the extent that, after giving effect to the conversion, the holder, together with its affiliates, would beneficially own in excess of 4.99% (subject to adjustment to up to 9.99% solely at the holder's discretion upon 61 days' prior notice to us) of the number of shares of our Common Stock outstanding immediately after giving effect to its conversion.

Dividends. Holders of Series 5 Preferred Stock will be entitled to receive dividends (on an as-if-converted-to-Common-Stock basis) in the same form as dividends actually paid on shares of the Common Stock when, as and if such dividends are paid on shares of Common Stock.

Fundamental Transactions. In the event we effect certain mergers, consolidations, sales of substantially all of our assets, tender or exchange offers, reclassifications or share exchanges in which our Common Stock is effectively converted into or exchanged for other securities, cash or property, we consummate a business combination in which another person acquires more than 50% of the outstanding shares of our Common Stock, then, upon any subsequent conversion of the Series 5 Preferred Stock, the holders of the Series 5 Preferred Stock will have the right to receive any shares of the acquiring corporation or other consideration it would have been entitled to receive if it had been a holder of the number of shares of Common Stock then issuable upon conversion in full of the Series 5 Preferred Stock.

Voting Rights. Except as otherwise provided in the certificate of designation or as otherwise required by law, the Series 5 Preferred Stock has no voting rights.

Liquidation. Upon our liquidation, dissolution or winding-up, whether voluntary or involuntary, holders of Series 5 Preferred Stock will be entitled to receive out of our assets, whether capital or surplus, the same amount that a holder of Common Stock would receive if the Series 5 Preferred Stock were fully converted (disregarding for such purpose any conversion limitations under the certificate of designation) to Common Stock, which amounts will be paid pari passu with all holders of Common Stock.

Redemption Rights. We are not obligated to redeem or repurchase any shares of Series 5 Preferred Stock. Shares of Series 5 Preferred Stock are not otherwise entitled to any redemption rights, or mandatory sinking fund or analogous provisions.

Anti-Takeover Effects of Nevada Law and our Articles of Incorporation and Bylaws

Our articles of incorporation, our bylaws and the Nevada Revised Statutes (“NRS”) contain provisions that could delay or make more difficult an acquisition of control of our company not approved by our board of directors, whether by means of a tender offer, open market purchases, proxy contests or otherwise. These provisions have been implemented to enable us to develop our business in a manner that will foster our long-term growth without disruption caused by the threat of a takeover not deemed by our board of directors to be in the best interest of our company and our stockholders. These provisions could have the effect of discouraging third parties from making proposals involving an acquisition or change of control of our company even if such a proposal, if made, might be considered desirable by a majority of our stockholders. These provisions may also have the effect of making it more difficult for third parties to cause the replacement of our current management without the concurrence of our board of directors.

Set forth below is a description of the provisions contained in our articles of incorporation, bylaws and Nevada Revised Statutes that could impede or delay an acquisition of control of our company that our board of directors has not approved. This description is intended as a summary only and is qualified in its entirety by reference to our articles of incorporation and bylaws, forms of each of which are included as exhibits to the registration statement of which this prospectus forms a part.

Authorized But Unissued Preferred Stock

We are currently authorized to issue a total of 5,000,000 shares of preferred stock. Our articles of incorporation provide that the board of directors may issue preferred stock by resolutions, without any action of the stockholders. In the event of a hostile takeover, the board of directors could potentially use this preferred stock to preserve control.

Classified Board

In accordance with the terms of our bylaws, our board of directors is divided into three classes, with members of each class serving staggered three-year terms. Upon the expiration of the term of a class of directors, directors in that class will be elected for three-year terms at the annual meeting of stockholders in the year in which their term expires. As such, approximately one-third of our board of directors will be elected each year and at least two annual meetings of stockholders may be necessary to change a majority of the directors. The classification of directors makes it more difficult for stockholders to change the composition of our board of directors.

Filling Vacancies

Nevada law and our bylaws establish that any vacancies on the board of directors may be filled by a majority of the remaining directors then in office, even though less than a quorum of the board, or by a sole remaining director. A vacancy in the board of directors created by the removal of a director, and not otherwise filled by the remaining directors, may be filled by the vote of a plurality of the votes cast at the annual meeting of the stockholders or at a duly called special meeting at which a quorum is present, or by the written consent of the holders of a majority of the outstanding shares.

Removal of Directors

The provisions of our bylaws may make it difficult for our stockholders to remove one or more of our directors. Nevada law and our bylaws provide that the entire board of directors, or any individual director, may be removed from office only by vote of the holders of capital stock representing not less than two-thirds of the voting power of the issued and outstanding capital stock entitled to vote. Under Nevada law, whenever the holders of any class or series of shares are entitled to elect one or more directors, unless otherwise provided in the articles of incorporation, removal of any such director requires only two-thirds of the holders of that class or series, and not the votes of the outstanding shares as a whole.

Board Action Without Meeting

Our bylaws provide that the board may take action without a meeting if all the members of the board consent to the action in writing. Board action through consent allows the board to make swift decisions, including in the event that a hostile takeover threatens current management.

No Cumulative Voting

Our bylaws and articles of incorporation do not provide the right to cumulate votes in the election of directors. This provision means that the holders of a plurality of the shares voting for the election of directors can elect all of the directors. Non-cumulative voting makes it more difficult for an insurgent minority stockholder to elect a person to the board of directors.

Stockholder Proposals

Except to the extent required under applicable laws, we are not required to include on our proxy card, or describe in our proxy statement, any information relating to any stockholder proposal and disseminated in connection with any meeting of stockholders.

Amendments to Articles of Incorporation and Bylaws

Nevada law and our articles of incorporation give both the directors and the stockholders the power to adopt, amend or repeal the bylaws of the corporation. Any adoption, alteration, amendment, change or repeal of the bylaws by the stockholders requires an affirmative vote by a majority of the outstanding stock of the company. Any bylaw, including any bylaw that has been adopted by the stockholders may be amended or repealed by the board, unless otherwise prohibited by a bylaw adopted by the stockholders. Except for certain changes in connection with stock splits and a plan of merger, any proposal to amend, alter, change or repeal any provision of our articles of incorporation requires approval by a majority of the voting power of all of the classes of our capital stock entitled to vote on such amendment or repeal, voting together as a single class, and, if the proposed amendment would adversely alter or change any preference or any relative or other right of any class or series of outstanding shares, then also by the holders of shares representing a majority of the voting power of each class adversely affected.

Nevada Statutory Provisions

We are subject to the provisions of NRS 78.378 to 78.3793, inclusive, an anti-takeover law, which applies to any acquisition of a controlling interest in an “issuing corporation.” In general, such anti-takeover laws permit the articles of incorporation, bylaws or a resolution adopted by the directors of an “issuing corporation” (as defined in NRS 78.3788) to impose stricter requirements on the acquisition of a controlling interest in such corporation than the provisions of NRS 78.378 to 78.3793, inclusive, as well as permit the directors of an issuing corporation to take action to protect the interests of the corporation and its stockholders, including, but not limited to, adopting plans, arrangements or other instruments that grant or deny rights, privileges, power or authority to holder(s) of certain percentages of ownership and/or voting power. Further, an “acquiring person” (and those acting in association) only obtains such voting rights in the control shares as are conferred by resolution of the stockholders at either a special meeting requested by the acquiring person, provided it delivers an offeror’s statement pursuant to NRS 78.3789 and undertakes to pay the expenses thereof, or at the next special or annual meeting of stockholders. In addition, the anti-takeover law generally provides for (i) the redemption by the issuing corporation of not less than all of the “control shares” (as defined) in accordance with NRS 78.3792, if so provided in the articles of incorporation or bylaws in effect on the 10th day following the acquisition of a controlling interest in an “issuing corporation”, and (ii) dissenter’s rights pursuant to NRS 92A.300 to 92A.500, inclusive, for stockholders that voted against authorizing voting rights for the control shares. Our bylaws provide that, effective as of March 12, 2024 (the closing date of the XTI Merger) (the “Closing Date”), the provisions of NRS 78.378 through 78.3793, inclusive, are not applicable to the XTI Merger Agreement and the consummation of the transactions contemplated thereby, including, without limitation, the acquisition of shares, or of rights to acquire shares, of the Company by the stockholders, or holders of rights to acquire stock, of Legacy XTI as of the Closing Date.

We are also subject to the provisions of NRS 78.411 to 78.444, inclusive, which generally prohibits a publicly held Nevada corporation from engaging in a "combination" with an "interested stockholder" (each as defined) that is the beneficial owner, directly or indirectly, of at least ten percent of the voting power of the outstanding voting shares of the corporation or is an affiliate or associate of the corporation that previously held such voting power within the past three years, for a period of three years after the date the person first became an "interested stockholder", subject to certain exceptions for authorized combinations, as provided therein.

In accordance with NRS 78.195, our articles of incorporation provide for the authority of the board of directors to issue shares of preferred stock in series by filing a certificate of designation to establish from time to time the number of shares to be included in such series and to fix the designation, powers, preferences and rights of the shares of each such series and the qualifications, limitations or restrictions thereof, subject to limitations prescribed by law.
